Each year, thousands of communities across the United States celebrate their ethnic heritages, values, and identities through the medium of festivals. Drawing together elements of ethnic pride, nostalgia, religious values, economic motives, cultural memory, and a spirit of celebration, these festivals are performances that promote and preserve a community's unique identity and heritage, while at the same time attempting to place the ethnic community within the larger American experience. Although these aims are pervasive across ethnic heritage celebrations, two festivals that appear similar may nevertheless serve radically different social and political aims. Accordingly, The Dutch

American Identity examines five Dutch American festivals-three of which are among the oldest ethnic heritage festivals in the United States-in order to determine what such festivals mean and do for the staging communities. Although Dutch Americans were historically among the first ethnic groups to stage ethnic heritage festivals designed to attract outside audiences, and despite the fact that several Dutch American festivals have met with sustained success, little scholarship has focused on this ethnic group's festivals. Moreover, studies that have considered festivals staged by communities of European descent have typically focused on a single festival. The Dutch American Identity thus, on the one hand, seeks to call attention to the historical development and current sociocultural significance of Dutch American heritage festivals. On the other hand, this study aims to elucidate the ties that bind the five communities that stage these festivals together rather than studying one festival in isolation from the others. Creatively combining several methodologies, The Dutch American Identity describes and analyzes how the social, political, and ethical values of the five communities are expressed (performed, acted out, represented, costumed, and displayed) in their respective festivals. Rather than relying on familiar, even stereotypical, notions of "the Midwest," "rural America," "conservative America," etc., that often appear in contemporary political discourse, Schoone-Jongen shows just how complex and contradictory these festivals are in the ways they represent each community. At the same time, by placing these festivals within the context of American history, Schoone-Jongen also demonstrates how and why each festival is a microcosm of particular cultural, social, and political developments in modern America. The Dutch American Identity is an important book for sociology, performance

studies, folklore, immigration history, anthropology, and cultural history collections.

Get nose to bloom with one of the most beloved subjects of painters for generations of artists with Expressive Flower Painting and master pedals, stems, colors, and more. It's almost always one of the first things someone tries to paint--center, petals, stem, voila! Expressive Flower Painting's exercises have a loose, free, contemporary style the likes of which you'd see in galleries, in shops, and even on clothing and home design goods. It's not intimidating, and yet the paintings are colorful, immediate, and joyful and speak to the artist's desire to play, be loose, and to create freely. Lynn Whipple paints wildly and in small to large formats with a combination of acrylic paint, charcoal, and colorful soft pastel. Expressive Flower Painting presents a range of creative painting exercises that help readers develop vibrant nature paintings. This exciting book is an in-depth expansion of Lynn's class called Big Bold Bloom Wild Painting, with additional content. Expressive Flower Painting covers mark making, layering techniques, how to do "spin drawings," color methods, painted backgrounds, working from life, and how to successfully combine a wide variety of media for the maximum effect.

This learn to draw book will be a perfect introduction for your kids. Sometimes, learning a new skill can be frustrating at first - no one can draw perfectly straight away. This means that sometimes children can become disinterested or even upset. Not with this book! The informative, engaging and simple step by step instructions will allow children to enjoy learning how to draw at their own pace. In order to improve, they first need to develop an enthusiasm, which is exactly what this book is for. In no time at all, they will be reveling in their new talent! What's more, learning to draw is a stepping stone for a huge array of

other skills. In no time at all your child's hand-to-eye co-ordination will advance, which is important for everything from writing to playing music. You should encourage your child to appreciate the magic of art as soon as possible - not just because it is an important talent but because it is an entertaining pastime. This should come first and foremost. If you want them to become a great artist, it is important that you allow them to take their time and learn from their own mistakes. Your child will only develop a passion for art once they start to enjoy it, which is exactly what this book will encourage!

'To have discovered the black tulip, to have seen it for a moment...then to lose it, to lose it forever!' Cornelius von Baerle, a respectable tulip-grower, lives only to cultivate the elusive black tulip and win a magnificent prize for its creation. But after his powerful godfather is assassinated, the unwitting Cornelius becomes caught up in deadly political intrigue and is falsely accused of high treason by a bitter rival. Condemned to life imprisonment, his only comfort is Rosa, the jailer's beautiful daughter, and together they concoct a plan to grow the black tulip in secret. Dumas' last major historical novel is a tale of romantic love, jealousy and obsession, interweaving his-

torical events surrounding the brutal murders of two Dutch statesman in 1672 with the phenomenon of tulipomania that gripped seventeenth-century Holland.

This eBook is derived from the hardcover book called 'the Zen drawing Pack', which was published in October 2014 by Rockpoint publishers and as an eBook called 'The Zen drawing eBook' by the authors. In this eBook called 'Zen drawing - a new way to become an artist', the authors have put less emphasis on the Zen Buddhism background of Zen drawing and more emphasis on the artistic benefits that can be found by using the techniques described in the hardcover book. For instance by adding a chapter on the use of watercolors and ink. As with all their books on Zen drawing, this eBook is based on the works of Frederick Franck and Betty Edwards. In this eBook artist Michelle Dujardin helps you to awaken your inner artist and add soul to your sketches by ignoring conventional drawing techniques and focus on really seeing your subject. Michelle helps you achieve a meditative state just by changing the way you see a subject, and allow your hands to follow the movement

of your eyes. When you trust your own drawing reflex, the art that you create will become more expressive and beautiful than what you've done before. Not great with a pencil? Don't worry, everyone can learn to draw this way and you don't need any special talent or class. For any level of artist, from a beginner with little talent to an illustration expert, Zen drawing is not about making perfect pictures, it is about the experience of drawing, finding inspiration, and connecting to the world around you.

Heartwarming and profound, this account of one writer's relationship with his beloved German shepherd is a masterpiece of animal literature. The distinguished British man of letters J. R. Ackerley hardly thought of himself as a dog lover when,

well into middleage, he came into possession of a German shepherd. To his surprise, she turned out to be the love of his life, the "ideal friend" he had been searching for in vain for years. My Dog Tulip is a bittersweet retrospective account of their sixteen-year companionship, as well as a profound and subtle meditation on the strangeness that lies at the heart of all relationships. In vivid and sometimes startling detail, Ackerley tells of Tulip's often erratic behavior and very canine tastes, and of his own fumbling but determined efforts to ensure for her an existence of perfect happiness. My Dog Tulip has been adapted to screen as a major animated feature film with a cast that includes the voices of Christopher Plummer, Lynn Redgrave, and Isabella Rossellini. It has been heralded as "A stroke of genius" by New York Magazine and "The love story of the year" by Vanity Fair. My Dog Tulip was adapted into a major motion picture in 2010.
