Pray: Praying daily can increase your focusing capability. It changes, according to scientific study, your frontal lobe which is responsible for the concentration and focus of your mind. B By praying, our frontal lobe is positively reshaped and improved. So keep praying to develop your concentration.

15 Tips for Improving Your Instagram Marketing Strategy. Instagram is a social platform that attracts people who are largely looking to be entertained or to display their photographic skills. For brands, that doesn't automatically translate into sales. If you want to receive benefits from Instagram, you need to begin with a comprehensive strategy.

To engage with your audience and boost your business, post at relevant times regularly. Especially when you have just started with your promotion, post 2-3 posts per day at peak hours when users are more active. Also, it is crucial to post consistently since people prefer brands that provide consistent services. 8.
