Sheriff Quinn Colson and his former deputy Lillie Virgil find themselves on opposite sides of a case for the first time after a woman is found dead and three delinquent teens go on the run. Before he was an Army Ranger who came home to become Tibbehah County Sheriff and take down a corrupt system, Quinn Colson was a kid who got into trouble--a lot of it. So when juvenile delinquent TJ Byrd insists that she doesn't know who killed her mother—an unreliable addict who has disappeared—Quinn's inclined to believe her. But no one else does--not the town, not the sheriff in a neighboring county, not her

mother's older boyfriend, and certainly not Quinn's friend and former deputy, U.S. Marshal Lillie Virgil. The Byrd family has always been trouble, and sixteen-year-old TJ is known for petty theft, fighting, and general hellraising. She's also no fool, and when she senses she's about to take the fall for her mother's murder, TJ, her boyfriend, her best friend, and her nine-year-old brother go on the run. As Lillie Virgil tracks the kids across a trail of burglaries, stolen cars and even a kidnapping, intent on bringing TJ to justice, Quinn sets out to find the truth back in Tibbehah. Someone has gone to a lot of violent trouble to make TJ and her friends the logical target of the investigation. It's easy, and who cares about a bunch of lawless kids? As the bloody evidence against TJ piles up, Quinn knows someone truly evil is at work here--and that puts TJ and her friends in more danger than they can imagine.

Sometimes sacrifices are worth the cost. Even, or perhaps most especially, those made out of love. Eleanor Sawyer is a fixer. People pay her to fix their companies for them, and she's never met a problem she couldn't figure out. Until Daniel Connor hired her. And it's not his company she's having problems with. No, she has a plan for how to increase Connor Hotels' sales in the American market, and it's good enough that she's impressing even herself. When it comes to figure out Daniel himself, though, and those flashing eyes, smiling lips, and flirty looks... along with the occasional kiss... she's finding herself at a complete loss. She doesn't know if she wants to play along or tell him to remember who she is: just another employee. Because now she's got an even bigger

problem. She's starting to fall in love with him. The Advance Design era (1947-1955) was historic for Chevrolet, topping all the production numbers every year they were in production. And for good reason. The post-World War II economy demanded a tough and well-engineered solution for this growing economy. Selling

more than 2.5 million units during this era, Chevrolet quickly surpassed and controlled the light-truck market with style, utility, and logical engineering. This era has been overlooked for long enough, and Deve Krehbiel, a well-known restoration expert from DevesTechNet.com who specializes in these trucks, puts his 40 years of experience restoring nothing but Advance De-

sign trucks into an extensive and complete single volume. With more than 500 photos and detailed instruction for every aspect of a proper restoration, this book will be the restorer's best friend. Deve's companion book, Chevrolet Inline 6 Engine: 1929-1962 (SA455), explains in full detail the engine aspects of your project. The Advance Design Chevy pickup is one of the

most popular and highly prized vehicles at any venue. The author's hope is that this book will give you the confidence and the knowledge to put your old Chevy truck back on the road in style. There is just nothing more interesting and more inviting than an old Chevy truck!
