This new edition of the authoritative English-language treatment of Islamic personal status law gives practitioners and courts throughout the world direct access to this important body of law in its most up-to-date development. All Middle Eastern and North African Arab states are covered; new to this edition is coverage of recent provisions enacted in Kuwait, Yemen, and Sudan. The chapter on dissolution of marriage has been completely revised to reflect current legal interpretation and judicial practice in this rapidly changing area of Islamic law. Also new and especially valuable are English versions, for the first time anywhere, of fundamental Shiite and Jaafari legal works with the most thorough analysis and commentary available in any non-Arabic source. Dr. Nasir's much-appreciated methodology has been continued since the very successful first edition of 1986. For each topic - e.g., marriage, dower, dissolution of marriage, parentage, inheritance, and waqf - he begins with a consideration of the subject in Sharia law, and then goes on to present legislation and contemporary views, in particular Arab countries. This approach, while it clearly manifests the continuity of Islamic law respecting personal status, is of great practical value to judges and practitioners, especially those who must resolve disputes under Islamic law in non-Muslim countries.

The Model Rules of Professional Conduct provides an up-to-date resource for information on legal ethics. Federal, state and local courts in all jurisdictions look to the Rules for guidance in solving lawyer malpractice cases, disciplinary actions, disqualification issues, sanctions questions and much more. In this volume, black-letter Rules of Professional Conduct are followed by numbered Comments that explain each Rule's purpose and provide suggestions for its practical application. The Rules will help you identify proper conduct in a variety of given situations, review those instances where discretionary action is possible, and define the nature of the relationship between you and your clients, colleagues and the courts.

Bridging the fields of political theory and history, this comprehen-

sive study of Victorian reforms in marriage law reshapes our understanding of the feminist movement of that period. As Mary Shanley shows, Victorian feminists argued that justice for women would not follow from public rights alone, but required a fundamental transformation of the marriage relationship.

He offered one night. She needs a lifetime... When Viscountess Kinsley's father lost all but their home and then drank himself to death, creditors stood ready to seize what remained. Anne's only hope of saving her family is to find a husband through Lady Peddington's School for Young Ladies. Only, upon graduation, Anne finds herself the victim of jealous gossip that claims she seeks multiple lovers. Now, no respectable man will have her. Kennedy Douglas, Viscount Buchanan, has refused to marry-until his terminally ill father threatens to marry Kennedy's younger sister to a known wife-beater unless Kennedy immediately weds and produces an heir. The man known as The Marriage Maker matches Kennedy with the ravishing Viscountess Kinsely, but time is running out. Kennedy's father is declining rapidly, and he's the only one who knows where Kennedy's sister is being held against her will.

"In this book, a Methodist minister examines the sources of John Wesley's ideas about marriage and shows how those beliefs found expression in the cleric's revision of the Anglican wedding service." "Author Bufford W. Coe describes the radical differences between a typical eighteenth-century wedding and a church wedding of today. He also tells the fascinating story of Wesley's romances with Sophia Hopkey and Grace Murray, based on his own private diaries, and shows how those relationships, as well as his miserably unhappy marriage, were affected by Wesley's beliefs about matrimony." "Four days after Wesley decided he would marry at the age of forty-seven, he spoke to a group of unmarried men and encouraged them to remain single. In the matrimonial service he devised for American Methodists, Wesley eliminated the custom of the bride being given in marriage by her father, although Wesley consistently taught that Christians should not marry without the consent of their parents. Wesley strongly con-

demned the Roman Catholic Church for requiring celibacy of its priests, but his own rules required that Methodist preachers who married during their initial probationary period were thereby disqualified." "In 1784, Wesley published The Sunday Service of the Methodists in North America with Other Occasional Services. Coe studies the components of Wesley's marriage liturgy from the Sunday Service to try to determine why Wesley revised the Anglican wedding service in the way that he did."--BOOK JACKET.Title Summary field provided by Blackwell North America, Inc. This book instructively introduces the reader to the basics of Jewish law. It gives a detailed, cutting-edge analysis of contemporary public and private law in the State of Israel, as well as Israel's legal culture, its system of government, and the roles of its democratic institutions: the executive, parliament, and judiciary. The book examines issues of Holocaust, law and religion, constitutionalization, and equality.

Marriage, Sexuality, and Gender examines contemporary debates about the meaning and value of marriage. The book analyzes arguments for traditional marriage, including those of neonaturalists, utilitarians, and communitarians or virtue theorists. The volume also considers a range of feminist, welfarist, and liberationist arguments for ending the institution altogether. It evaluates two major reform movements: one focused on expanding marriage to include same-sex couples and the other focused on the use of law to render marriage more internally just. The book concludes with a plea to activists to redirect "marriage equality" movements toward the creation of an entirely secular "civil union law" that would respect a broader range of private life-long commitments, including but not limited to same- and opposite-sex couples, without threatening the role of religious marriage in the lives of those who embrace it and without penalizing nonparticipants.

Is the unification and harmonisation of (international) family law in Europe necessary? Is it feasible, desirable and possible? Reading the different contributions to this book may certainly inspire those who would like to find the right answers to these questions.
