7RJ14N - SHERMAN VALERIE

Our top selling introductory accounting product Accounting Principles helps students succeed with its proven pedagogical framework, technical currency and an unparalleled robust suite of study and practice resources. It has been praised for its outstanding visual design, excellent writing style and clarity of presentation. The new eighth edition provides more opportunities to use technology and new features that empower students to apply what they have learned in the classroom to the world outside the classroom.

Weygandt's Accounting Principles introduces challenging accounting concepts with examples that are familiar to accountants. The new edition has been updated with the latest IFRS/IASB standards. Additional coverage is included on foreign currency translation and LCM. More discussions focus on risk management as a result of the financial crisis. The examples also emphasize current examples in order to help accountants make the connection to their everyday lives.

Updated with the latest developments in the accounting and hospitality fields, Hospitality Financial Accounting, Second Edition covers the basics of financial accounting and then walks you through analyzing financial statements and dealing with the daily issues you'll face on the job. In this Second Edition, the authors have provided engaging new coverage and features that includes new case studies, an expanded section on ethics, new "Accounting in Action" vignettes, applied exercises, and new coverage of casinos, spas, and purveyors.

Weygandt's Accounting Principles continues to provide students with a trusted and clear introduction to fundamental accounting concepts, which has made this best-selling text so popular. Helping students get the most out of their accounting course by making practice simple, the new edition continues to present the accounting cycle from a sole proprietor perspective, whilst providing the latest IFRS integration throughout (separate references to GAAP are made at the end of each chapter for courses where needed). To maximise student achievement a plethora of additional teaching and learning resources will be available including self-tests, exercises, templates, videos and more. Using metric units and companies with a more global feel, this new text is ideal for courses across the world.

For over twelve years, Weygandt, Kieso, Kimmel, Trenholm, Kinnear, Barlow Accounting Principles has been praised by both instructors and students across the country for its outstanding visual design, its carefully integrated pedagogy, and its excellent writing style and clarity of presentation. Our main focus continues to be 'Student Success in Accounting' and the new sixth edition package further enables both instructors and students to achieve successful learning outcomes. It introduces challenging accounting concepts through examples that are familiar to the student with a stepped-out pedagogy that breaks down complex topics making the material more manageable. This connection to their everyday lives helps build student motivation, a key driver of student time spent on assignments and ultimately their mastery of the concepts. Accounting Principles, Sixth Canadian Edition enables students to become independent and successful learners by including a variety of additional resources, more opportunities to use technology, and new features that empower students to apply what they have learned in the classroom to the world outside the classroom. The seamlessly integrated digital and print resources to accompany Accounting Principles, Sixth Canadian Edition offer additional tools for both instructors and students in order to help students succeed.

Work more effectively with these Working Papers! This indispensable resource contains solution forms and partially completed solution forms to all end-of-chapter problems and exercises in Weygandt's Accounting Principles, 7th Edition. These working papers demonstrate how to correctly set up solution formats. From one of the hottest author teams in accounting comes a new edition of the highly successful Financial Accounting! This edition retains the traditional procedural coverage of the previous editions along with a practical decision-making focus. Anyone who will ever be asked to prepare or use accounting information to make effective decisions will benefit from this best-selling text.

The fourth Canadian edition of Weygandt, Kieso, Kimmel, Trenholm, Kinnear Accounting Principles has been carefully developed to build upon the highly regarded "Student Success" foundation for which it has become known over the years. The book has been praised by students and instructors across the country for its outstanding visual design, its carefully integrated pedagogy, and its excellent writing style and clarity of presentation; these key elements have been further enhanced in the fourth edition. Our ongoing series of workshops, "Ensuring Student Success in Principles of Accounting", has provided an understanding of how instructors teach and how they use the materials we provide. This knowledge has allowed us to introduce a series of critical upgrades that will help you teach in more innovative and efficient ways. Just roll to the new edition of Weygandt and benefit from a whole new set of resources and problems. This is the best Weygandt package we have ever produced!

While there is growing interest in IFRS within the US, interest outside the US has exploded. Weygandt's fourth edition of Financial Accounting: IFRS highlights the integration of more US GAAP rules, a desired feature as more foreign companies find the United States to be their largest market. The highly anticipated new edition retains each of the key features (e.g. TOC, writing style, pedagogy, robust EOC) on which users of Weygandt Financial have come to rely, while putting the focus on international companies/examples, discussing financial accounting principles and procedures within the context of IFRS, and providing EOC exercises and problems that present students with foreign currency examples instead of solely U.S. dollars.

Financial and Managerial Accounting, 4th Edition, provides students with a clear introduction to the fundamental financial and managerial concepts needed for anyone pursuing a career in accounting or business. Through a focus on accounting transactions, real-world industry examples, and robust assessment, students develop a solid understanding of how to apply accounting principles and techniques in practice. By connecting the classroom to the business world with an emphasis on decision making and key data analysis skills appropriate at the introductory level, Financial and Managerial Accounting ensures students are more engaged and better prepared for careers as professionals in the modern business world.
