To do this we need data and a grid to plot the data. You should use your past knowledge from your days in Algebra class to re-

member how to setup and plot a line from a set of data. We use the physical quantities along with their units in place of the x and y.

The discussions are designed to be open ended, with few "right" answers. Read the rubric carefully for scoring. They are excellent ways to see who is on task and getting it. In some cases, the discussions are designed to lead students to a discovery that will assist their learning.
