ABOUT THE TESTThe Advanced Placement Program is designed to allow high school students to pursue college-level studies while attending high school. The three-hour five-minute AP U.S. History exam is usually given to high school students who have completed a year's study in a college-level U.S. History course. The test results are then used to determine the awarding of course credit and/or advanced course placement in college. According to the College Board, students taking this exam are called upon to demonstrate systematic factual knowledge and bring to bear critical, persuasive

analysis of the full sweep of U.S. history. This is why we make every effort to establish and build upon context for you, rather than encouraging rote memorization of disconnected facts. The AP U.S. History Exam is divided into two sections: 1) Multiple-Choice: This section is composed of 80 multiple-choice questions designed to gauge your ability to understand and analyze U.S. history from the Colonial period to the present. The majority of the questions, however, are based on 19th- and 20th-century history. This section tests factual knowledge, scope of preparation, and knowledge-based analytical skills. You'll have 55 minutes to complete this section, which accounts for 50 percent of your final grade. 2) Free-Response: This section is composed of three essay questions designed to measure your ability to write coherent, intelligent, well-organized essays on historical topics. The essays require you to demonstrate mastery of historical interpretation and the ability to express views and knowledge in writing. The essays may relate documents to different areas, analyze common themes of different time periods, or compare individual and

group experiences which reflect socioeconomic, racial, gender, and ethnic differences. Part A consists of a mandatory 15-minute reading period, followed by 45 minutes during which you must answer a document-based question (DBQ), which changes from year to year. In Part B the student chooses to answer on two of the topics that are given. You will have 70 minutes to write these essays. The free-response section counts for 50 percent of your final grade. These topics are broken down into thirds: - Political Institutions (1/3rd)- Social and Economic Change (1/3rd)- Behavior and Public Policy, Diplomacy and International Relations, Intellectual and Cultural Development (1/3rd) The time periods covered are as follows: - Pre-Colonial through 1789 (1/6th of exam)- 1790-1914 (1/2 of exam)- 1915-present (1/3rd of exam) ABOUT THE REVIEW SECTIONThis book begins with REA's concise yet thorough 230-page review of U.S. history designed to acquaint you with the exam's scope of coverage. Our review covers these topics and historical time periods: - The Colonial Period (1500-1763)- The American Revolution

(1763-1787)- The United States Constitution
 (1787-1789)- The New National (1789-1824)- Jacksonian Democracy and Westward Expansion
 (1824-1850)- Sectional Conflict and The Causes of the Civil War
 (1850-1860)- The Civil War and Reconstruction
 (1860-1877)- Industrialism, War, and the Progressive Era
 (1877-1912)- Wilson and World War I
 (1912-1920)- The Roaring Twenties and Economic Collapse
 (1920-1929)- The Great Depression and the New Deal
 (1929-1941)- World War II and the Post-War Era
 (1941-1960)- The New Frontier, Vietnam, and Social Upheaval
 (1960-1972)- Watergate, Carter, and the New Conservatism
 (1972-2001) SCORING THE EXAM
 The multiple-choice section of the exam is scored by crediting each correct answer with one point and deducting one-fourth of a point for each incorrect answer. You will neither receive a credit nor suffer a deduction for unanswered questions. The free-response essays are graded by instructors and professors from across the country who come together each June for a week of non-stop AP essay grading. Each essay booklet is read

and scored by several graders. Each grader provides a score for the individual essays. The DBQ is scored on a scale from 0 to 15, 0 being the lowest and 15 the highest. Each topic-based essay receives a score from 0 to 9. These scores are concealed so that each grader is unaware of the previous graders' assessments. When the essays have been graded completely, the scores are averaged-one score for each essay-so that the free-response section generates three scores. The total weight of the free-response section is 50 percent of the total score. Your work in the multiple-choice section counts for the other 50 percent. Each year, grades fluctuate slightly because the grading scale is adjusted to take into account the performance of the total AP U.S. History test-taker population. When used with the corresponding chart, the scoring method we present here will strongly approximate the score you would receive if you were sitting for the actual AP U.S. History exam. SCORING THE MULTIPLE-CHOICE SECTION
 For the multiple-choice section, use this formula to calculate your raw score: Number right - (number wrong

x 1/4) = raw score (round to the nearest whole number)
 SCORING THE FREE-RESPONSE SECTION
 For the free-response section, use this formula to calculate your raw score: DBQ + Essay #1 + Essay #2 + = raw score (round to the nearest whole number)
 You may want to give your essays three different grades, such as a 13, 10, and an 8, and then calculate your score three ways: as if you did well, average, and poorly. This will give you a safe estimate of how you will do on the actual exam. Try to be objective about grading your own essays. If possible, have a friend, teacher, or parent grade them for you. Make sure your essays follow all of the AP requirements before you assess the score. The statistical formulations used by the AP Program preclude our REA practice-test scoring system from precisely replicating the procedures and determinations of the AP Program. Bear in mind that the cut-off point between each of the five AP grades typically shifts slightly from year to year. This occurs both because one year's exam cannot be expected to be exactly as difficult as another year's and because no two test-taker groups can

be expected to be equally strong. THE COMPOSITE SCORE To obtain your composite score, use this method: $1.13 \times$ multiple choice raw score = weighted multiple-choice score (do not round) $2.73 \times$ free response raw score = weighted free response score (do not round) Now, add the two weighted sections together and round to the nearest whole number. The result is your total composite score. See the range within which your score falls on this table to approximate your final grade: AP Grade / Composite Score Range

5	114-1804
4	91-1133
3	74-902
2	49-731
1	0-48

These overall scores are interpreted as follows: 5-extremely well qualified; 4-well qualified; 3-qualified, 2-possibly qualified; and 1-no recommendation. Most colleges grant students who earn a 3 or better either college credit or advanced placement. Check with your high school's guidance office about specific requirements. From The Federalist to Citizens United, a bestselling historian presents key writings on five crucial questions confronting American democracy today Amid the frenzied over-

load of 24-hour cable news and incessant social media, at a time when many of us fear for the future of our democracy, it is becoming harder and harder to think clearly about politics. *American Democracy: 21 Historic Answers to 5 Urgent Questions* provides an alternative for those who want to step back and look to the past for inspiration and guidance. Edited with perceptive and provocative commentary by best-selling historian and journalist Nicholas Lemann (*The Promised Land, Transaction Man*), the book presents key writings from the American past that speak to five contemporary flashpoints in our political landscape: race, gender, immigration, and citizenship; opportunity and inequality; the purpose and powers of the federal government; money, special privilege, and corruption; and protest and civil disobedience. Some of the selections are well-known—George Washington’s letter to the Hebrew Congregation at Newport, Frederick Douglass’s “What to the Slave is the 4th of July,” Martin Luther King Jr.’s letter from Birmingham Jail—while others will be new to many readers—Horace Mann’s argument for

public schools as a means of fighting inequality, Jane Addams’s perceptive analysis of gender and social class in charity work, Randolph Bourne envisioning a “Trans-National America.” *American Democracy* presents a remarkable range of insightful and eloquent American political writing, while serving as an invaluable resource for concerned citizens who wish to become better-informed participants in the ongoing drama of our democracy.

REA's Interactive Flashcard books represent a novel approach which combines the merits of flash cards with the ease of using a book. One side of each page includes questions to be answered, with space for writing in one's answers — a feature not usually found on flash cards. The flip side of the same page contains the correct answers, much as flash cards do. United States History 1912-Present is fully indexed making it easy to locate topics for study. Thanks to the book form, there is no need to look for and fish out appropriate questions from a box and put them back in the proper order, and there is no need to carry around a box of

1,000 flash cards. The book is easier to take along and carry.

Excerpt from Examination Book in American History and Civics, Vol. 1 The following set of questions and answers in United States History and Civics has been compiled from the New York Regents' examinations given during the past fourteen years. These questions and answers were originally printed in American education and were found exceedingly helpful to teachers. In response to a general demand they have been carefully rearranged and edited and are now presented to the public in booklet form. The dates and statements of facts given have been verified and they are believed to be practically free from error. The chronological order has been in the main followed. Some of the questions: that call for a comparison of facts and events do not follow the order of time. As the questions have been taken from many different examinations, it has been found impossible to avoid a repetition of ideas, but no two questions of exactly the same import are given. Excerpt from *Outlines, Recreations and Questions (With Answers) In the History of the United States: For Use of Teachers, Normal Schools and Eighth Grade Pupils* The purpose of this handy compendium of United States history speaks for itself. It is hoped that it will be a useful aid to teachers in their history classes. No effort has been taken to make its series of topical subjects, questions and answers and other details exhaustive, the object being to confine these to items of importance, adapted to give students a conception of the leading facts in our country's history. The questions and answers supplement the topical statements, giving more detailed information than could be included in these. The method pursued is in consonance with that usually employed by experienced teachers in dealing with historical sub-

jects, and it is hoped that instructors in general will find this work helpful to them in their class labors.
