Dynaztrak Wiring Diagram

The wiring diagram I received looks like what the factory would use to assemble the harness. Very few actual component call-outs, mostly cable colors and connector types. Better than nothing and the customer service was fast. I plan on going through the harness myself and updating the factory diagram.

Astro bass boat

After many decades of troubleshooting and repairing boat wiring issues, I've become pretty darn good at figuring things out. Today's boat wiring is one of the most difficult problems you'll run across due to requirements of the numerous accessories. For the last several weeks, I have been chasing a problem that has been causing me to lose sleep at night.
