The BKAT-9r was based on the BKAT-8. A 10-member Panel of Experts, professional experience, and review of evidence in the literature were used to validate/update questions. These revisions included the deletion of 7 questions--with either low item to total correlations or outdated material--and the addition of two questions.

On the exam, there is no distinction between the test questions and the pretest questions so you must answer all questions to the best of your ability. The medical-surgical nursing exam allows 3 ½ hours for completion. You will receive a test result of pass or fail immediately upon completion. If a failing grade is received, your results will ...
