Black liberation movements in this country have created room, space, and leadership mostly for Black heterosexual, cisgender men — leaving women, queer and transgender people, and others either out of the movement or in the background to move the work forward with little or no recognition. An acclaimed author, retired Los Angeles Police Department Sgt. Cheryl Dorsey has written an autobiography, Black and Blue, The Creation Of A Social Advocate Vol II, which provides an unfiltered look into police culture, LAPD's internal disciplinary processes, and techniques to de-escalate and diffuse tensions during police encounters as well as best practices to report police misconduct with a level of credibility that is effective, relevant and irrefutable.

The origin of the thin blue line dates back to an 1854 battle during the Crimean War, in which a British infantry regiment, in red uniforms, stood its ground against a Russian cavalry charge.

In the case of the largest events, moments after the creation of a black hole, the heat and the hugely amplified magnetic field of the collapsing star combine to focus a pair of tight beams or jets of radiation, perpendicular to the spinning plane of the accretion disk. These beams focus vast amounts of particles and energy (of the order of a billion billion times the energy output of our Sun ...

The "thin blue line" is a term that typically refers to the concept of the police as the line which keeps society from descending into violent chaos. The "blue" in "thin blue line" refers to the blue color of the uniforms of many police departments. The phrase originated as an allusion to the British infantry regiment The Thin Red Line during the Crimean War in 1854, wherein the regiment of ...

The Butterfly is God's Design The Morpho is a butterfly from South America that has some incredible design features. All butterflies have features that are impossible for evolutionists to explain, but the special blue color of the Morpho is extra special.

Formally known as marine blue, the darkest shade of blue—also known as navy blue—was adopted as the official color for British Royal Navy uniforms, and was worn by officers and sailors from 1748. Modern navies have since darkened the color of their uniforms to almost black in an attempt to avoid fading.
