#### **BLOCKHEAD, THE LIFE OF FIBONACCI, by Joseph D'Agnese**

Blockhead: The Life of Fibonacci is a children's picture book about the famous mathematician from Pisa, Italy, who discovered the Fibonacci Sequence, which governs how so many objects in nature grow and flourish. The book is set in Italy and the world of the Mediterranean during the Middle Ages.

Synopsis: As a young boy in medieval Italy, Leonardo Fibonacci thought about numbers day and night. He was such a daydreamer that people called him a blockhead. When Leonardo grew up and traveled the world, he was inspired by the numbers used in different countries.
