"A strange, violent period in your history." -- Spock Many unanswered questions remain about the terrible Eugenics Wars that raged on Earth during the 1990s, an apocalyptic conflict that brought civilization to the brink of a new dark age. Centuries later, as Capt. James T. Kirk and the crew of the Starship Enterprise™ are forced to defend a colony of genetically enhanced humans against Klingon aggression and sabotage, Kirk must probe deeper into the past -- and into the glory days of one of the greatest adversaries he has ever faced. 1992. Almost twenty years ago, Gary Seven and Roberta Lincoln, undercover operatives for an unknown alien civilization, failed to prevent the Chrysalis Project from creating an entire generation of supermen and women, genetically engineered to be stronger, smarter, and more resourceful than ordinary human beings. Now, at last, the children of Chrysalis have grown to adulthood, and are rapidly demonstrating that superior abilities spawn superior ambition. Perhaps the most formidable of this new breed of supermen is the charismatic Khan Noonien Singh. Working behind the scenes of history as head of a vast global conspiracy, Khan's power soon stretches across a quarter of the planet, but that is only the beginning of his grand design. Determined to unite humanity beneath the enlightened rule of a genetic elite, Khan dreams of leading his fellow superhumans to complete and total domination of the world. But several of his gene-engineered brothers and sisters have equally grandiose visions for the future, visions that recognize no one but themselves as supreme ruler. Gary Seven and Roberta watch in horror as the children of Chrysalis wage a covert war against one another, threatening the safety of millions and the

future of the entire world! The Eugenics Wars: Volume Two is an earth-shattering thriller that reveals the secret history of the twentieth century -- and the ultimate destiny of the tyrant known as Khan.

To hate is easy. And I do hate them. But to love even in hate is what hardens you, strengthens you, gives you reason. (Heather Alexander, Young Adult and Teens Readers Community) A Personal Note from the Author The idea for the Moon Stealers arrived, quite unexpectedly one morning when myself and my son were getting ready. He asked me to tell him a story so I randomly said, 'Have you heard the one about the Moon Stealers?' Only a wild and exciting story would be good enough for my son, so during our time in the bathroom we threw loads of ideas at each other and concocted an early form of the story. Later, as I started to write it down so that he could draw some pictures to go with it, I found the ideas grew organically and two years later, the four book series was complete.
