The Christian Church has been "welcoming the children" in every-generation since Jesus' earthly life. The early church, and generations of Christians since, would find expressions of care, appropriate for their times, to help needy families and dependent children. This story is about how the Christian church, with the major focus upon Arizona Baptist Children's Services (ABCS), has responded to the mandate of Jesus to "welcome the children" whose families have been crippled or absent. To tell that story, the writer has chosen to go back in time to create a context of historical examples. What ABCS and other Christians are doing in the Year of Our Lord, 2010, is little different than the experience of how the church responded to the needs of children in the first, fifth or eighteenth centuries. Only the methods have changed. The methods have evolved from foster family care to specialized services for children and families. These state-of-the-art modern methods of care are described in detail. This should

be helpful and informative to social workers and others who work with troubled families and children in out-of-home care in a faith-based context.

The 2002 Legislature changed substantially the statutes governing closure of schoolbuildings by school district boards of education. The new law authorizes each school district board of education to close a school building whenever the board finds that doing so will improve the district's school system. This action is taken by adoption of a resolution. Prior to adopting the resolution to close a school building (or buildings), the board must hold a hearing. Notice of the hearing must include the reasons for the proposed closing, the name of any affected buildings, and the name of any school building to which the involved pupils will be reassigned. The notice also must include the time, date, and place of

the public hearing. This notice must be published at least once each week for two consecutive weeks in a newspaper of general circulation in the school district. The last publication must be at least ten days, but not more than 20 days, prior to the date of the hearing. At the hearing, the board presents its school closing proposal and takes testimony concerning it. Subsequently, the board determines if the school building should be closed. The following attachments I and II describe the laws pertaining to closure and change of use of school buildings prior to the 2002 revision.
