Despite the year mentioned in the title, scholars suggest that the book was written much later, in 1775. Compendium Rarissimum is about demonology and it is handwritten in both German and Latin. Most readers will enjoy the 31 colorful illustrations and three pages of magical and cabalistic signs and sigils, etc, others might have a weakness for a book with a "Do not touch!" marked on its cover .

A huge success with over 2 million copies sold worldwide, since its original publication in 1983, The Book of Runes has proved to be a modern classic. For this first edition of the E-book of the work, Ralph H. Blum has expanded and refined the runic system, making the Runes one of the most profoundly useful self-help tools of the new century.

Ralph Blum (5/1932-) is a writer and cultural anthropologist who has been working with the Runes as a tool for self-counselling since 1977. One of three children born to silent film star, Carmel Myers, during her second marriage to husband Ralph Henriques Blum, Sr. (1893-1950) (Her first marriage was to Isidore Kornblum, which ended in divorce in 1923).

Elliott writes of strange symbols scratched into ancient tools and weapons now lying idle in some museum showcase; names of warriors, secret spells, even snatches of songs, appearing on objects as diverse as minute silver coins and towering stone crosses, scattered in the unlikeliest places from Yugoslavia to Orkney, from Greenland to Greece.
