There are budget worksheets online for just about everything, and the free printable budget worksheets I'm about to share with you go above and beyond your standard monthly household budget work-

sheet. In the spirit of building healthy financial habits, I think it's important to use a budget worksheet (Excel or PDF file) that fits the occasion.

A personal or household budget is an itemized list of expected income and expenses that helps you to plan for how your money will be spent or saved, as well as track your actual spending habits. The word budget may have taken on a slightly negative connotation over the years, invoking an image of pinching pennies or limited spending.

Use this budget worksheet to create a budget that matches your lifestyle and your goals. It includes lots of things that other budget worksheets leave off - stuff like streaming services, pet care and gifts. And it even has extra space for you to enter additional expenses.

Building a budget takes work, but you don't have to do it alone. Our free budget worksheet with common income sources and expenditures can get you started.
