Business and Society: Stakeholders,

Ethics, Public Policy, 13e by Lawrence and Weber has continued through several successive author teams to be the market-leader in its field. Business and Society, 13e highlights why government regulation is sometimes required as well as new models of business-community collaboration.

legal, ethical, and technological issues concerning business and society continue to be debated. This period is turbulent and has been characterized by significant changes in the world, the economy, society, technology, and global relationships. Against this setting of ongoing flux in the business and society relationship, some basic concepts

Business ethics is a two-part notion. Part 1 defines business—the combination of stakeholders organized to seek some objective. Part 2 adds in ethics—the set of moral principles that guide decisions about what is good for individuals and their society. Business ethics, Phillips argues, gains legitimacy through furthering norms of reciprocity, or two-way fairness.
