SKARNF - WHITNEY BURKE

A New York Times Bestseller! An Instant Indie Bestseller! A dark, twisty modern fairytale where three sisters discover they are not exactly all that they seem and evil things really do go bump in the night. Iris Hollow and her two older sisters are unquestionably strange. Ever since they disappeared on a suburban street in Scotland as children only to return a month a later with no memory of what happened to them, odd, eerie occurrences seem to follow in their wake. And they're changing. First, their dark hair turned white. Then, their blue eyes slowly turned black. They have insatiable appetites yet never gain weight. People find them disturbingly intoxicating, unbearably beautiful, and inexplicably dangerous. But now, ten years later, seventeen-year-old Iris Hollow is doing all she can to fit in and graduate high school on time—something her two famously glamorous globe-trotting older sisters, Grey and Vivi, never managed to do. But when Grey goes missing without a trace, leaving behind bizarre clues as to what

might have happened, Iris and Vivi are left to trace her last few days. They aren't the only ones looking for her though. As they brush against the supernatural they realize that the story they've been told about their past is unraveling and the world that returned them seemingly unharmed ten years ago, might just be calling them home.

An all-new, original story, revealing a side of Sabrina not seen on the new NETFLIX show!

Inspiration for the Netflix Series Bridget Jones meets AJ Jacobs in Wellmania, an in-depth, laugh-out-loud exploration of the best and worst of the wellness industry. Cold-pressed juices, "clean" eating, colonic vacations, mindfulness apps, and Paleo: health-care trends and miracle diets seem to be more plentiful each year. But do any of these tactics actually work? What does "wellness" even mean? In Wellmania, longtime journalist Brigid Delaney tackles the good, the bad, and the just-a-little-ridiculous of the wellness industry, using herself as the guinea pig. Starting with a brutal 101-day fast, she leaves behind her thirty-some-

thing-year-old lifestyle of late-night parties and all-day hangovers to test the things that are supposed to make us healthy and whole: yoga classes, meditation, CBT, Balinese healing, silent retreats, group psychotherapy, and more. Writing with self-deprecating wit and refreshing honesty, she sorts through the fads and expensive hype to find out what actually works, while asking, What does all this say about us? Is total wellness even possible? And why do you start to smell so bad when you haven't eaten in seven days? According to comedian Judith Lucy, the result is "a bloody entertaining read that leaves you wondering whether you want to do yoga or get mindlessly drunk and despair at the state of the world."

Doch als ob das nicht schon schlimm genug wäre, taucht auch ein Feind aus der Vergangenheit ihrer Familie in Greendale auf ...

College Ruled Color Paperback. Size: 6 inches x 9 inches. 55 sheets (110 pages for writing). Sabrina Spellman The Chilling Adventures Of Sabrina Dem. 157424668824

"The summer before her sixteenth birthday, Sabrina Spellman prepares to leave the mortal world behind when a mysterious wood spirit's spell forces her to make a difficult choice." --

Toward the end of the year 1920 the Government of the United States had practically completed the programme, adopted during the last months of President Winthrop's administration. The country was apparently tranquil. Everybody knows how the Tariff and Labour questions were settled. The war with Germany, incident on that country's seizure of the Samoan Islands, had left no visible scars upon the republic, and the temporary occupation of Norfolk by the invading army had been forgotten in the joy over repeated naval victories, and the subsequent ridiculous plight of General Von Gartenlaube's forces in the State of New Jersey. The Cuban and Hawaiian investments had paid one hundred per cent and the territory of Samoa was well worth its cost as a coaling station. The country was in a superb state of defence. Every coast city had been well supplied with land fortifications; the army under the parental eye of the General Staff, organized according to the Prussian system, had been increased to 300,000 men, with a territorial reserve of a million; and six magnificent squadrons of cruisers and battle-ships patrolled the six stations of the navigable

seas, leaving a steam reserve amply fitted to control home waters. The gentlemen from the West had at last been constrained to acknowledge that a college for the training of diplomats was as necessary as law schools are for the training of barristers; consequently we were no longer represented abroad by incompetent patriots. The nation was prosperous; Chicago, for a moment paralyzed after a second great fire, had risen from its ruins, white and imperial, and more beautiful than the white city which had been built for its plaything in 1893. Everywhere good architecture was replacing bad, and even in New York, a sudden craving for decency had swept away a great portion of the existing horrors. Streets had been widened, properly paved and lighted, trees had been planted, squares laid out, elevated structures demolished and underground roads built to replace them. The new government buildings and barracks were fine bits of architecture, and the long system of stone quays which completely surrounded the island had been turned into parks which proved a god-send to the population. The subsidizing of the state theatre and state opera brought its own reward. The United States National Academy of Design was much like European institutions of the same kind. Nobody envied the Secretary of Fine Arts, either his cabinet position or his portfolio. The Secretary of Forestry and Game Preservation had a much easier time, thanks to the new system of National Mounted Police. We had profited well by the latest treaties with France and England; the exclusion of foreign-born Jews as a measure of self-preservation, the settlement of the new independent negro state of Suanee, the checking of immigration, the new laws concerning naturalization, and the gradual centralization of power in the executive all contributed to national calm and prosperity.

When the Government solved the Indian problem and squadrons of Indian cavalry scouts in native costume were substituted for the pitiable organizations tacked on to the tail of skeletonized regiments by a former Secretary of War, the nation drew a long sigh of relief. When, after the colossal Congress of Religions, bigotry and intolerance were laid in their graves and kindness and charity began to draw warring sects together, many thought the millennium had arrived, at least in the new world which after all is a world by itself.
