CLINICAL INTERVIEWING: INTAKE, ASSESSMENT, AND THERAPEUTIC ALLIANCE Discussion Questions Professors, training directors and facilitators may use some or all of these discussion questions, depending on what aspects of the video are most relevant to the audience. 1. The nondirective approach: What thoughts and feelings arise for

Broadly speaking, intake interviews focus on three assessment areas: (1) presenting problem, (2) psychosocial history, and (3) current situation and functioning. The manner in which clinicians pursue these goals varies greatly.

Overall, the Clinical Interviewing: Intake, Assessment, and Therapeutic Alliance video is a great product and I would recommend it to my students and colleagues. The video is associated with a textbook titled Clinical Interviewing (Wiley, 2014) and written by the video presenters, Professors John and Rita Sommers-Flanagan. The professors begin with basic interview skills and end with complex interviewing skills.
