Serves as a guide to the E-Commerce and Internet Business worldwide. This volume features data you need on E-Commerce and Internet Industries, including: E-Commerce statistics and trends; Internet research and development; Internet growth companies; online services and markets; online retailing strategies; and more. The electronic age is bringing sweeping changes to entertainment and media of all kinds, including publishing, broadcasting and film. Multimedia, the Internet and other digital media outlets for entertainment and information are being refined at a rapid rate. Media giants are merging and making big acquisitions. This book covers these exciting developments and provides profiles on hundreds of leading firms in film, radio, television, cable, new media, and publishing of all types including books, magazines and newspapers. It contains thousands of contacts for business and industry leaders, industry associations, Internet sites and other resources. You'll get in-depth profiles of nearly 400 of the world's top Entertainment & Media firms: our own unique list of companies that are the leaders in this field. Here you'll find complete profiles of the hot companies that are making news today, the largest, most successful corporations in all facets of the Entertainment and Media Business, from broadcasters to film production companies, casino operators to theme park companies, publishers of books and magazines to video game designers, and much more. Our corporate profiles include executive contacts, growth plans, financial records, address, phone, fax and much more. This innovative book offers unique information, all indexed and cross-indexed more for each firm! Our industry analysis section provides an exceptional discussion of business and market trends. The book includes statistical tables covering revenues for several industry sectors. Purchasers of either the book or PDF version can receive a free copy of the company profiles database on CD-ROM, enabling key word search and export of key data.

The famous slogan of one major TV news network, More people get their news ... than from any other source, now applies to the Internet. But where can you find the news you need, how can you gauge its veracity, and how can anyone keep up? The answers are in this unique book by a professor of journalism and a working reporter. Jim Broderick and Darren Miller have written an A to Z guide to the best and worst news and information sites, featuring 100 in-depth, critical reviews and a 4-star rating system. You'll discover dozens of reliable sites that meet your needs, learn what to

expect before you log on, and gain a reporter's hard-nosed perspective on the motives and bias behind each resource. The supporting Web site is a virtual portal to the world of online news.

This book gives you all the information you need to become a confident digital photographer - everything from choosing the right digital camera to printing photographs or sending them via e-mail.

For more than 40 years, Computerworld has been the leading source of technology news and information for IT influencers worldwide. "[T]he authors recognize the role the nurse has in empowering patients to take charge of their health by using social media responsibly... the information presented in this book can be useful to nurses in a variety of settings and with different levels of understanding regarding social media. The authors masterfully present information on Web 2.0 and Health 2.0 applications for nurses at the point of care, educators, advanced practice practitioners, administrators, and nursing students." -- Michelle E. Block, RN, PhD, Nursing Science Quarterly This book clearly and comprehensively presents the knowledge and skills nurses and health professionals need in order to effectively use the Internet and interactive social media to educate health consumers. By understanding and using Web 2.0 and Health 2.0 applications and technology, nurses will have access to a critical tool for improving the health of individuals, families, and communities, as well as enhancing their own professional development. The different types of health care information sites available on the Internet are addressed along with criteria for evaluating them. The text provides a framework for understanding the devices that support social media and depicts the many scenarios in which social media can be used to promote health. Also included are examples of research studies related to health care informatics. Each chapter begins with clear and concise learning objectives and explanations of related terms. A theo-

retical foundation for understanding the concepts in the chapter is included, along with web-based resources that support additional in-depth learning. Discussion questions and exercises stimulate the development of critical thinking skills and promote point-of-care applications. Advances in technology and point-of-care use expected to come in the near future are woven throughout. The text will be of value for all nurse education and practice settings. Key Features: Provides easily understood information on interactive social media applications and their implications for nursing and health delivery Illustrates how to use social networking tools and sites effectively Describes the types of health care information websites available and how to evaluate them Addresses the many devices that support social media and when to use them Includes a database of tools and resources to assist educators, students, administrators, and practitioners in their use of the Internet and social media

Plunkett's Almanac of Middle Market Companies 2008 is designed to be time-saving business development tool for professionals, marketers, sales directors, consultants and strategists seeking to understand and reach middle market American companies. It will also be of great use to placement, recruiting and human resources professionals, as well as professionals working in economic development, lending and media. It covers competitive intelligence, market research and business analysis--everything you need to identify and develop strategies for middle market corpora-

tions. Coverage includes all major business sectors, from InfoTech to health care to telecommunications and much more. (We have intentionally omitted retail companies and banks.) These profiles and details on over 500 middle market firms are pulled from our extensive company and industry databases. We also include a business glossary and a listing of business contacts, such as industry associations and government agencies. Next, we profile hundreds of leading middle market companies. Our company profiles include complete business descriptions and up to 27 executives by name and title. Purchasers of either the book or PDF version can receive a free copy of the company profiles database on CD-ROM, enabling key word search and export of key information, addresses, phone numbers and executive names with titles for ev-

ery company profiled.
