**Contextualized Learning: Teaching made highly effective!**

Contextual teaching and learning is an approach of learning that can't be separated with behaviorism and constructivism theories. It is a conception of teaching and learning that helps teachers relate subject matter content to real world situation and its application to their lives as family, cit-

izen, and workers and engage in the hard work that learning requires (Hudson& Whistler, 2007:1).

The contextual approach recognizes that learning is a complex and multifaceted process that goes far beyond drill-oriented, sti-

mulus-and-response methodologies. According to contextual learning theory, learning occurs only when students process new information or knowledge in such a way that it makes sense to them in their own frames of reference (their own inner worlds of memory, experience, and response).
