Profit Without Honor: White-Collar Crime and the Looting of America seeks to elucidate a very broad subject: white-collar crime. How broad? Its domain stretches from the small price-gouging merchant to the huge price-fixing cartel. It can breed in an antiseptic hospital or a toxic dump. It is at home on Main Street, Wall Street, Madison Avenue, and countless other addresses - including, at times, 1600 Pennsylvania Avenue.

Today's headlines vividly illustrate the importance of understanding aspects of the

criminal justice system too often ignored. While the second edition of Crime and Criminal Justice in American Society includes the most recent statistics on the police, courts, and corrections, its provocative, current examples also spur critical thinking about justice in the United States. The authors offer an alternative interpretation of criminal justice rarely presented in traditional textbooks or by the media. They encourage readers to examine their beliefs about crime, punishment, and the law. Discussions in the chapters about how African Americans, Hispanics, whites, wom-

en, juveniles, the rich, and the poor experience crime and the criminal justice system contribute context for understanding different viewpoints. The poor and minorities are the most likely to be caught in the net of criminal justice—but inequities have consequences for everyone. Reflection on various perspectives provides helpful input for assessing attitudes and for becoming actively involved with issues that have significant consequences. Eighteen thoroughly revised chapters present historical backgrounds, theories, and emerging issues. New to the second edition is a chapter on

veterans involved in the criminal justice system. Affordable, succinct, and engaging, this textbook presents the key concepts of the criminal justice system at less than half the cost of many competing textbooks.

This book is about the convergence of trends in two American institutions - the economy and the criminal justice system. The American economy has radically transformed in the past half-century, led by advances in automation technology that have permanently altered labor market dynamics. Over the same period, the US criminal justice system experienced an unprecedented expansion, at great cost. These costs include not only the \$80 billion annually in direct expenditures on criminal justice, but also the devastating impacts experienced by justice-involved individuals, families, and communities. This book examines these potential consequences, the meaning of work in American society, and suggests alternative redistributive and policy solutions to avert the collision course of these economic and criminal justice policy trends.

**** Cited in BCL3. On the causes, moral implications, and mechanisms of the Amer-

ican criminal justice system's failure. New statistics are presented in this third edition. Annotation copyrighted by Book News, Inc., Portland, OR

This is the eBook of the printed book and may not include any media, website access codes, or print supplements that may come packaged with the bound book. This comprehensive, straightforward text introduces readers to the many methods of crime control and reviews the research concerning their effectiveness with a fair and balanced approach. *Crime Control in America: What Works?*, 3e, provides in-depth coverage of policing, prosecution and courts, and legislative methods of crime control. It moves beyond the justice system and examines the effectiveness of crime control at the individual, family, school, and community levels. Finally, it covers environmental criminology and explanations of large-scale crime trends, particularly the reductions witnessed during the 1990s. Unlike others on the market, this book also examines crime control that is informal in nature, one that does not rely on involvement by the criminal justice system or other forms of government inter-

vention. Worrall presents a comprehensive view of crime control in America while maintaining a neutral ideological stance. Unlike most of the competition, this straightforward, student-friendly text does not presuppose any knowledge of the criminal justice system. This book is geared specifically toward undergraduate students of any major, including community college students. The book covers more methods of crime control than any of its competitors, and all the most controversial and current approaches are discussed in-depth. Teaching and Learning Experience This book offers a current look at crime control and its effectiveness, examining emerging areas in the field. It provides: Comprehensive, up-to-date coverage with unique content: Exposes students to a wide range of methods of crime control in America Extensive look at the effectiveness of crime control approaches: Reviews the research concerning crime control effectiveness and presents a thorough analysis of what works/doesn't work to control crime Strong pedagogical features: Gives students the tools to master key concepts faster and more effectively, and provides support for instructors

First published a decade ago, *No Equal Justice* is the seminal work on race- and class-based double standards in criminal justice. Hailed as a "shocking and necessary book" by *The Economist*, it has become the standard reference point for anyone trying to understand the fundamental inequalities in the American legal system. The book, written by constitutional law scholar and civil liberties advocate David Cole, was named the best nonfiction book of 1999 by the Boston Book Review and the best book on an issue of national policy by the American Political Science Association. *No Equal Justice* examines subjects ranging from police behavior and jury selection to sentencing, and argues that our system does not merely fail to live up to the promise of equality, but actively requires double standards to operate. Such disparities, Cole argues, allow the privileged to enjoy constitutional protections from police power without paying the costs associated with extending those protections across the board to minorities and the poor. For this new, tenth-anniversary paperback edition, Cole has completely updated and revised the book, reflecting the substantial changes and developments

that have occurred since first publication. *Introduction to Criminal Justice: A Balanced Approach* provides students with engaging, comprehensive, and up-to-date coverage of all aspects of the criminal justice system. Esteemed authors Brian K. Payne, Willard M. Oliver, and Nancy E. Marion explore criminal justice from a student-centered perspective by presenting research-driven material in an accessible, clear, and succinct writing style. Two unique chapters on *Perspectives on Crime* and *Criminal Justice Research and Crime Typologies* provide students with the foundational knowledge that they need to be critical thinkers and active participants within their chosen field. Students are encouraged to imagine themselves in specific criminal justice situations and decide how they would respond to the situation with a balanced and effective solution. By exploring criminal justice from a balanced perspective with an issues-oriented approach, students will understand how decision-making is critical to the criminal justice process. In particular, students will come to appreciate how their own future careers will be shaped by the decisions they make.

Corrections in the Community, Sixth Edition, examines the current state of community corrections and proposes an evidence-based approach to making programs more effective. As the U.S. prison system approaches meltdown, options like probation, parole, alternative sentencing, and both residential and non-residential programs in the community continue to grow in importance. This text provides a solid foundation and includes the most salient information available on the broad and dynamic subject of community corrections. Authors Latessa and Smith organize and evaluate the latest data on the assessment of offender risk/need/responsivity and successful methods that continue to improve community supervision and its effects on different types of clients, from the mentally ill to juveniles. This book provides students with a thorough understanding of the theoretical and practical aspects of community corrections and prepares them to evaluate and strengthen these crucial programs. This sixth edition includes a new chapter on specialty drug and other problem-solving courts. Now found in every state, these specialty courts represent a new way to deal with some of the

problems that face our citizens, be it substance abuse or reentry to the community from prison. Chapters contain key terms, boxed material, review questions, and recommended readings, and a glossary is provided to clarify important concepts.

Unlike other textbooks on the subject, *Criminal Justice Policy and Planning: Planned Change, Fifth Edition*, presents a comprehensive and structured account of the process of administering planned change in the criminal justice system. Welsh and Harris detail a simple yet sophisticated seven-stage model, which offers students and practitioners a full account of program and policy development from beginning to end. The authors thoughtfully discuss the steps: analyzing a problem; setting goals and objectives; designing the program or policy; action planning; implementing and monitoring; evaluating outcomes; and reassessing and reviewing. Within these steps, students focus on performing essential procedures, such as conducting a systems analysis, specifying an impact model, identifying target populations, making cost projections, collecting monitoring data, and performing evalua-

tions. In reviewing these steps and procedures, students can develop a full appreciation for the challenges inherent in the process and understand the tools that they require to meet those challenges. To provide for a greater understanding of the material, the text uses a wide array of real-life case studies and examples of programs and policies. Examples include policies such as Restorative Justice, Justice Reinvestment, Stop-and-Frisk, and the Brady Act, and programs such as drug courts, community-based violence prevention, and halfway houses. By examining the successes and failures of various innovations, the authors demonstrate both the ability of rational planning to make successful improvements and the tendency of unplanned change to result in undesirable outcomes. The result is a powerful argument for the use of logic, deliberation, and collaboration in criminal justice innovations.

Authored by Steven Messner and Richard Rosenfeld, both highly respected scholars and researchers, *CRIME AND THE AMERICAN DREAM, 5th Edition* is the seminal work in a major segment of criminological theory. The foundation of the book is insti-

tutional anomie theory (an offshoot of Mer- tonian anomie theory), which the authors posit helps to explain why America's over- emphasis on the pursuit of materialistic gain contributes to the country's high rate of violent crime. Featuring a very clear and accessible writing style, this is a theory book that students will actually understand. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Researchers at US universities and various institutes explore the impact that develop- ments in information technology have had on the criminal justice system over the past several decades. They explain that computers and information technology are more than a set of tools to accomplish a set of tasks, but must be considered an integral component of

This is the eBook of the printed book and may not include any media, website access codes, or print supplements that may come packaged with the bound book. This comprehensive text offers a balanced presentation with a modern approach to the court system in America. *Courts and Criminal Justice in America, 2e*, is the collabora-

tion of the most popular criminal justice authors of the century. Featuring a balanced and modern presentation, this book not only looks at the basic structure of the court system and court process, but also covers the recent trends and controversial issues facing courts today. This student-friendly text does not presuppose any knowledge about the courts or how they operate. Highlighted, controversial cases illustrate the tremendous power that the court system has to regulate citizens' lives, to shape what is acceptable and what is forbidden, and to ensure that criminal justice policy balances both rights and liberties. This respected author team delivers the most comprehensive introduction to America's courts on the market today. Teaching and Learning Experience The book gives a comprehensive look at the courts, their personnel and the context in which they operate. It provides: A balanced presentation: Includes all sides of the most controversial issues facing courts today Modern approach: Covers a wide range of topics and recent trends in the field that stir controversy and enliven discussion as they relate to the courts Comprehensive, up-to-date coverage: Timely, extensive coverage

presupposes no prior knowledge Strong pedagogical features: Gives students the tools to master key concepts faster and more effectively

Cole, Smith, and DeJong's CRIMINAL JUSTICE IN AMERICA, Seventh Edition, lets you experience the real-world excitement of this dynamic field while helping you excel in your course with the support of proven, integrated study tools. In this engaging, reader-friendly book, you'll learn about new career opportunities in criminal justice and read true stories of offenders and their experiences within the system. You'll also learn about the crucial role that public policy plays in the criminal justice system and explore the hot issues that are changing the face of criminal justice today--and shaping its future. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Comprehensive and balanced, THE COLOR OF JUSTICE: RACE, ETHNICITY, AND CRIME IN AMERICA is the definitive introduction to current research and theories of racial and ethnic discrimination within America's criminal justice system. The sixth edition cov-

ers the best and the most recent research on patterns of criminal behavior and victimization, immigration and crime, drug use, police practices, court processing and sentencing, unconscious bias, the death penalty, and correctional programs, giving students the facts and theoretical foundation they need to make their own informed decisions about discrimination within the system. Uniquely unbiased, THE COLOR OF JUSTICE makes every effort to incorporate discussion of all major race groups found in the United States. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version. In the field of law enforcement in the United States, it is essential to know the contemporary problems being faced and combine that knowledge with empirical research and theoretical reasoning to arrive at best practices and an understanding of policing. Policing in America, Eighth Edition, provides a thorough analysis of the key issues in policing today, and offers an issues-oriented discussion focusing on critical concerns such as personnel systems, organization and management, operations, discretion, use of force, culture and

behavior, ethics and deviance, civil liability, and police-community relations. A critical assessment of police history and the role politics played in the development of American police institutions is also addressed, as well as globalization, terrorism, and homeland security. This new edition not only offers updated research and examples, it also incorporates more ways for the reader to connect to the content through learning objectives, discussion questions, and "Myths and Realities of Policing" boxes. Video and Internet links provide additional coverage of important issues. With completely revised and updated chapters, *Policing in America*, Eighth Edition provides an up-to-date examination of what to expect as a police officer in America. In full color, including photographs and illustrations Video links provide additional coverage of topics discussed in the text Learning objectives, critical thinking questions, and review questions in every chapter help to reinforce key concepts Updated figures and "Myths and Realities of Policing" boxes provide important context Includes all-new content, such as further coverage of violent crime reduction programs, gangs, and drug use Access to

student and instructor ancillaries, including Self-Assessments, Case Studies, Test Bank, and PowerPoint Lecture Slides Revised edition of the authors' Profit without honor, [2014]

Organized around a "planned change" approach, this book provides a critical assessment of how well the American criminal justice system achieves its goals. Unlike most other criminal justice books which cover the traditional topics from the perspective of how "things are supposed to be," this book compares these ideals with the realities of criminal justice today and provides a critical interpretation of the role of race, ethnicity, and gender in criminal justice. For law clerks and officers and criminal justice professionals.

Open this book and step into America's court system! With Neubauer and Fradella's best-selling text, you will see for yourself what it is like to be a judge, a prosecutor, a defense attorney, and more. This fascinating and well-researched text gives you a realistic sense of being in the courthouse--you will quickly gain an understanding of what it is like to work in and be a part of the American criminal justice sys-

tem. This concept of the courthouse "players" makes it easy to understand each person's important role in bringing a case through the court process. Throughout the text, the authors highlight not only the pivotal role of the criminal courts but also the court's importance and impact on society as a whole.

For courses in Juvenile Justice, Delinquency, Criminal Justice, Criminology, and Social Work . Unique in approach, this book presents an intimate look at juvenile justice. *Juvenile Justice in America*, Seventh Edition, provides an intimate look at the lives of juveniles, their experiences in society, and the consequences of those experiences. The text carefully examines the characteristics, procedures, policies, and problems of American juvenile justice systems. The authors also discuss the issues and challenges that must be faced in order to develop more just systems and a more humane present and future for juveniles. The text maintains a balance of theory, evidence-based findings, law, and practice, and provides the most up-to-date material possible.

This text provides an in-depth look at policy issues related to policing, courts, and

corrections. It gives students the opportunity to look at difficult issues related to important topics, through an interesting selection of readings. Flexible in its design, the book includes twenty-seven classic and contemporary articles that promote understanding of important issues in the field and encourage readers to think critically about the links between police, politics, law and the administration of justice. Students will explore everything from the crime policies that do or do not work to the latest hot topics.

Crime in America in a Nutshell features a social media campaign to introduce Crime in America: Conservatives' Approaches toward Criminals, Police, Criminal Justice, and the Opioid Crisis to the general public. As such, it includes a series of 120 posts -- 5 a week for 24 weeks in 280 words or less -- which present some major findings and suggestions from the book with a link to enable readers to get a free review copy of the complete book. Each post also includes a photo or video that illustrates the message in the post. The goal of this campaign has been to introduce readers to both the Crime in America book and its

publishers -- American Leadership Books, which specializes in books on criminal justice and American society. As these posts illustrate, Crime in America examines what's wrong with the criminal justice system and how to fix it. The book examines the police, courts and prisons and provides some suggestions of what to change. It helps citizens understand what's going on so they can take some action, from contacting their legislators and the media to organizing local groups to take some action. About the Author The author of the social media posts and Crime in America is Paul Brakke, a criminal justice expert who has written seven books on the system published by American Leadership Books. His other books include: The Costly U.S. Prison System, Fixing the U.S. Criminal Justice System, Dealing with Illegal Immigration and the Opioid Crisis, The Price of Justice in America, and The Great National Divides.

Explore the American corrections system from the perspective of both the corrections worker and the offender in AMERICAN CORRECTIONS, Tenth Edition. Comprehensive yet not overwhelming, the book covers both institutional and community

sanctions, incorporating high-profile corrections cases taken from recent headlines to reinforce important theories. The authors "tell it like it is," offering you thought-provoking, unbiased examinations of such topics as assisting felons during the re-entry process, reducing recidivism, the death penalty, and surveillance. You'll also get a frontline view of careers in the corrections field.

The authors are proud sponsors of the 2020 SAGE Keith Roberts Teaching Innovations Award—enabling graduate students and early career faculty to attend the annual ASA pre-conference teaching and learning workshop. "Very practical approach to teaching research methods and very student friendly. This text "breathes life" into the research process. —Sherill Morris-Francis, Mississippi Valley State University The Practice of Research in Criminology and Criminal Justice, Seventh Edition demonstrates the vital role research plays in criminology and criminal justice by integrating in-depth, real-world case studies with a comprehensive discussion of research methods. By pairing research techniques with practical examples from the field, Ronet D. Bachman and Russell K.

Schutt equip students to critically evaluate and confidently conduct research. The Seventh Edition of this best-selling text retains the strengths of previous editions while breaking ground with emergent research methods, enhanced tools for learning in the text and online, and contemporary, fascinating research findings. This edition incorporates new topics like intelligence-led policing, social network analysis (SNA), the evolution of cybercrime, and more. Students engage with the wide realm of research methods available to them, delve deeper into topics relevant to their field of study, and benefit from the wide variety of new exercises to help them practice as they learn. Give your students the SAGE edge! SAGE edge offers a robust online environment featuring an impressive array of free tools and resources for review, study, and further exploration, keeping both instructors and students on the cutting edge of teaching and learning.

Juvenile Justice: An Introduction is a student-friendly analysis of all aspects of the juvenile justice system. The book covers the history and development of the juvenile justice system and the unique issues related to juveniles, including police inter-

action, court processes, due process, movements toward diversion and deinstitutionalization, and community intervention. This book also examines particular issues within juvenile justice, such as female delinquency, gang delinquency, and the use of the death penalty and Life Without Parole with juveniles. Evidence-based suggestions for successful interventions and treatment are included, with a focus on performing cost-benefit analyses of what works versus what is ineffective with juveniles. The book concludes with a look to the future of the juvenile court, including the real possibility of abolition. Provides an engaging introduction to all aspects of the juvenile justice system in America. This seventh edition builds on a trusted and well-known textbook with new material on key issues such as sexting, bullying, social media, and the issues of non-delinquent youths. Robust offerings for students include study questions, discussion questions, "What You Need to Know" sections in each chapter, key terms identified, online case study questions, and links to relevant websites. Instructors are provided with helpful test question banks, lesson plans, sample syllabi, PowerPoint lecture

slides, and links to useful websites. Glossary consolidates key terms with definitions.

Introduction to Criminal Justice is the perfect text for students who are interested in pursuing a career in criminal justice and for those who simply want to learn more about the criminal justice system. The authors' combined experience of more than 50 years in teaching introduction to criminal justice as well as working in the field -- Bohm as a correctional officer and Haley as a police officer -- come through in their accessible yet comprehensive presentation. They make it easy for readers to understand that much of what the public "knows" about criminal justice in the United States is myth, and help students learn the truth about the U.S. criminal justice system.

Understanding case law in high-liability areas and performing the job within a legal framework places a criminal justice agency in the best position to defend against a lawsuit. This handbook addresses the problems confronting criminal justice practitioners and their agencies due to the ever-increasing number of civil liability law-

suits. It introduces the reader to civil liability generally and the federal law specifically, while indicating the steps that can be taken to minimize the risk of litigation. Civil Liability in Criminal Justice is one of very few texts on the subject that combines applicable case law and related liability research, a valuable feature for current and future policy makers and managers. Ross also provides an overview of current case law in high-liability areas, enhancing student knowledge and practitioner job performance.

A condensed, more accessible version of the best-selling corrections book on the market, *AMERICAN CORRECTIONS IN BRIEF*, 3rd Edition, introduces students to the dynamics of corrections in a way that captures their interest and encourages them to enter the field. The brief paperback format makes this book more approachable, and the well-respected author team incorporates several pedagogical elements to promote students' success. Complete with valuable career-based material, insightful guest speakers, illuminating real-world cases, and uniquely even-handed treatment of institutional and community sanctions, the text examines the U.S. cor-

rectional system from the perspectives of both the corrections worker and the offender, providing students with a well-rounded, balanced introduction to corrections. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Discussing how various countries around the world have organized their police, courts, and corrections agencies, this insightful text provides the rationale for studying cross-national issues in criminal justice by giving students a knowledge base for understanding and appreciating the different ways justice is conceived and achieved around the world.

The eighth edition offers an updated and streamlined examination of the American system of law, courts, and justice. Part I (Law) reviews the history of courts and justice, common law and civil law systems, as well as law schools and legal education. Part II (Courts) discusses lawyers and the practice of law; unravels the structure and administration of federal and state court systems; delineates the appellate process, the Supreme Court, and judicial review;

and describes the roles of judges, prosecutors, and criminal defense attorneys. Part III (Justice) demystifies the criminal justice process, negotiated justice, civil justice, juvenile justice, and alternative forms of justice. Throughout the book, landmark cases, important historical events, illustrative examples, and boxed items highlight or expand chapter content. Each of the twelve chapters concludes with an extensive summary, a list of key terms, and review questions. There is also a glossary that provides a summary of important terms.

Concise, current, and completely affordable, best-selling *CRIMINOLOGY: THE CORE*, International Edition delivers cutting-edge coverage, captivating real-life stories, and powerful learning tools in a succinct, student-friendly paperback.

This is the eBook of the printed book and may not include any media, website access codes, or print supplements that may come packaged with the bound book. For courses in criminal justice administration *Justice Administration: Police, Courts, and Corrections Management* is a comprehensive and contemporary text that examines relevant facets of, and current topics relating to, criminal justice administration. It is

written with a unique, real-world flavor and allows readers to apply their knowledge through “Deliberate and Decide” challenges included in every chapter. The logical organization of the text provides readers with a comfortable flow of information, beginning with a basic examination of the study and scope of justice administration and rights of criminal justice employees, followed by a focus on police, courts, and corrections agencies. It concludes with considerations of ethics, special challenges, financial administration, and technologies. Two appendices contain 28 case studies that challenge readers’ knowledge and their application of related materials. The Eighth Edition has been substantially reorganized and includes updated topics in every chapter as well as new case studies. Roscoe Pound believed that unless the criminal justice system maintains stability while adapting to change, it will either fossilize or be subject to the whims of public opinion. In *Criminal Justice in America*, Pound recognizes the dangers law faces when it does not keep pace with societal change. When the home, neighborhood, and religion are no longer capable of social control, increased conflicts arise, laws pro-

liferate, and new menaces wrought by technology, drugs, and juvenile delinquency flourish. Where Pound saw the influence of the motion pictures as part of the “multiplication of the agencies of menace,” today we might cite television and the Internet. His point still holds true: The “old machinery” cannot meet the evolving needs of society. In *Criminal Justice in America*, Pound points out that one aspect of the criminal justice problem is a rigid mechanical approach that resists change. The other dimension of the problem is that change, when it comes, will result from the pressure of public opinion. Justice suffers when the public is moved by the oldest of public feelings, vengeance. This can result in citizens taking the law into their own hands--from tax evasion to mob lynchings--as well as in altering the judicial system--from sensationalizing trials to producing wrongful convictions. Ron Christenson, in his new introduction, discusses the evolution of Roscoe Pound's career and thought. Pound's theories on jurisprudence were remarkably prescient. They continue to gain resonance as crimes become more and more sensationalized by the media. *Criminal Justice in America* is a fascinat-

ing study that should be read by legal scholars and professionals, sociologists, political theorists, and philosophers.

Covering criminal justice history on a cross-national basis, this book surveys criminal justice in Western civilization and American life chronologically from ancient times to the present. It is an introduction to the historical problems of crime, law enforcement and penology, set against the background of major historical events and movements. Integrating criminal justice history into the scope of European, British, French and American history, this text provides the opportunity for comparisons of crime and punishment over boundaries of national histories. The text now concludes with a chapter that addresses terrorism and homeland security.

Unrivaled in its simplicity and skill-building pedagogy, market-leading *CONSTITUTIONAL LAW AND THE CRIMINAL JUSTICE SYSTEM*, 5e thoroughly explains the complexities of the U.S. Constitution and the criminal justice system. Extremely student friendly, the text avoids legalese and is packed with real-world illustrations. Its unique--and effective--pedagogical framework for

concept mastery helps readers develop a solid understanding of key issues and concepts, while more than 200 plainly written, summarized cases introduce readers to pertinent cases in a non-intimidating manner. The text devotes considerable time to the Fourth and Fifth Amendments, exploring their application to issues relevant to criminal justice: reasonable search and seizure, double jeopardy, and testifying against oneself. In addition, the Fifth Editions cutting-edge coverage includes such high-profile topics as immigration, terrorism/homeland security, death row, and more. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Introduction to Criminal Justice: Systems, Diversity, and Change, Second Edition, offers students a brief, yet comprehensive, introduction to Criminal Justice with up-to-date coverage of all aspects of the criminal justice system in succinct and engag-

ing chapters. Authors Callie Marie Rennison and Mary Dodge weave four true criminal case studies throughout the book, capturing students' attention with memorable stories that illustrate the real-life pathways and outcomes of criminal behavior and victimization. Designed to show the connectedness of the criminal justice system, each case study brings the chapter concepts to life. To further captivate and inform students, important and timely topics such as ethics, policy, gender, diversity, victimization, and white-collar crime are discussed throughout.

Juvenile Justice: An Introduction, 8th edition, presents a comprehensive picture of juvenile offending, delinquency theories, and how juvenile justice actors and agencies react to delinquency. It covers the history and development of the juvenile justice system and the unique issues related to juveniles, offering evidence-based suggestions for successful interventions

and treatment and examining the new balance model of juvenile court. This new edition not only includes the latest available statistics on juvenile crime and victimization, drug use, court processing, and corrections, but provides insightful analysis of recent developments, such as those related to the use of probation supervision fees; responses to gangs and cyber bullying; implementing the deterrence model (Project Hope); the possible impact of drug legalization; the school-to-prison pipeline; the extent of victimization and mental illness in institutions; and implications of major court decisions regarding juveniles, such as Life Without Parole (LWOP) for juveniles. Each chapter enhances student understanding with Key Terms, a "What You Need to Know" section highlighting important points, and Discussion Questions. Links at key points in the text show students where they can go to get the latest information, and a comprehensive glossary aids comprehension.
