With striking images, models, and illustrations, this visually-led reference e-guide offers a unique view of catastrophic weather conditions. See inside the eye of a cyclone, witness hailstones the size of tennis balls, and learn how a gentle mountain stream can become a raging surge within a few minutes. From full-page color photographs to helpful diagrams, from polar regions to the tropics, Eyewitness Hurricane & Tornado shows the disastrous effects of nature's most extreme weather events. Discover a bridge that collapsed due to severe gusts of wind, and learn about a tree species in southwest Africa that can survive several years of drought. Along the way you'll uncover historical items that reveal how ancient civilizations predicted the weather as well as the weather-forecasting techniques that have developed over the centuries and the ways in which human activity can cause weather patterns to change. Each revised Eyewitness book retains the stunning artwork and photography from the groundbreaking original series, but the text has been reduced and reworked to speak more clearly to younger readers. The vibrant annotated photographs and the integrated text-and-pictures approach make Eyewitness a perennial favorite of parents, teachers, and school-age kids.

Text and photographs trace the evolution of the written word, how the alphabet grew out of pictures, the development of paper-making, bookbinding, children's books, and more.

Full color.

With clarity and humor, Martin Jenkins and Satoshi Kitamura take readers on a fascinating tour of the history of money. What can take the form of a stone with a hole in the middle, a string of shells, a piece of paper, or a plastic card? The answer is money, of course. But when did we start using it? And why? What does money have to do with writing? And how do taxes and interest work? From the Stone Age to modern banking, this lighthearted and engaging account traces the history of the stuff that makes the world go round.

Astronomy & allied sciences.

Each title in the Eyewitness series is an informative, visual account of the wonders of the world around us.
