It defines practice scholarship for the DNP role and facilitates the sound development of key leadership skills that enable DNP graduates to effectively influence politics and health care policy in order to improve patient and population health care outcomes.

The second edition of this distinguished text—designed for use across the entire DNP curriculum—defines practice scholarship for the DNP-prepared professional nurse and promotes the development of key leadership skills needed to effectively influence healthcare policy and improve outcomes.

Because research- and practice-focused programs are distinctly different, the current AACN position is that: “The two types of doctorates, research-focused and practice-focused, may coexist within the same education unit” and that the practice-focused degree should be the Doctor of Nursing Practice (DNP).

Get this from a library! DNP education, practice, and policy : redesigning advanced practice roles for the 21st century. [Stephanie W Ahmed; Linda Andrist; Sheila Davis; Valerie Fuller;] -- This is the only professional issues-oriented Doctor of Nursing Practice (DNP) text to fully integrate all eight American Association of Colleges of Nursing DNP competencies into one volume.
