This text emphasizes a modern approach to microeconomics by integrating new topics in microeconomic theory and making them accessible to students. These topics include risk and uncertainty, asymmetric information and game theory. Traditional topics are also treated in a clear way with solid applications. Modifications have been made to the text in this edition, these include new information on the theory of the firm, specifically the coverage of cost, and examples are included throughout the text to reinforce the material presented.

Il volume è rivolto a tutti coloro che iniziano ad avvicinarsi alla contabilità ed al bilancio d'esercizio, i quali non avendo una formazione economico aziendale devono affrontare lo studio e l'interpretazione dei dati di bilanci. Nel nostro studio tratteremo la contabilità ed il bilancio nel rispetto della normativa italiana e comunitaria. Il testo ha lo scopo di utilizzare il bilancio d'esercizio come strumento di comunicazione tra imprenditori, potenziali investitori e cittadini. Oltre al bilancio d'esercizio redatto secondo le norme civilistiche si è voluto trattare brevemente il bilancio redatto secondo i principi contabili internazionali, ormai parte integrante del nostro ordinamento, facendo sì che sia sempre più possibile investire nell'economia contemporanea. Inoltre, gli argomenti trattati sono spiegati attraverso le scritture contabili e gli esercizi svolti.

Through life-changing stories, respected thinkers and authentic presentations, Keynote promotes a deeper understanding of the world and gives students the courage and means to express themselves in English. Communication, collaboration and creative thinking drive students towards real 21st century outcomes and encourage them to respond to ideas and find their own voice. Both students and teachers will emerge with new confidence, new ideas and a new determination to communicate in this increasingly information-rich world of Global English.

This text provides a concise introduction to the field of animal biology. Readers discover general principles of evolution, ecology, animal bodyplans, and classification and systematics. After these introductory chapters, readers delve into the biology of all groups of animals. The basic features of each group are discussed, along with evolutionary relationships among group members. Chapter highlights include newly discovered features of animals as they relate to ecology, conservation biology, and value to human society. Regular updates to the phylogenies within the book keep it current.

This is the eBook of the printed book and may not include any media, website access codes, or print supplements that may come packaged with the bound book. Drawing upon his passion for statistics and teaching, Mike Sullivan addresses the needs of today's students, the challenges teachers face, and changes in the statistics community. With feedback from his own students and classroom experience, Fundamentals of Statistics provides the tools to help students learn better and think statistically in a concise, friendly presentation. The CD contains all the student supplement content, the data sets, graphing calculator manual, excel manual, a PDF of the Formula and Table card from the back of the book, and a guide to using statcrunch with the title. Note: This is just the standalone book and CD, it does not come with an Access Card. If an Access Card is required ask your instructor for the ISBN of the package which would include the Book & CD plus the Access Card.

Public opinion - is it a simple aggregation of individual views, or is it some kind of collective-level, emergent product of debate? What is the role of public opinion in popular government? How do the mass media shape public opinion or link it with governmental decision-making? This book explores such questions by tracing the historical development and application of the concept of public opinion.
