INFORMATION SYSTEMS. The organization, delivery, and financing of health care services in the United States is complex, comprising an interdependence of the private and governmental sectors of the economy. This pluralistic health care economy, with its pragmatic mix of public and private organizations, has produced a wide range of databases that help to monitor the health of the nation.

Information Systems | Encyclopedia.com

HEALTHCARE SYSTEMS••• A healthcare system can be defined as the method by which healthcare is financed, organized, and delivered to a population. It includes issues of access (for whom and to which services), expenditures, and resources (healthcare workers and facilities).
