Factors Affecting Students' Academic Performance

The findings identify three underlying satisfaction components: engaged learning, agency, and assessment. The factor score comparisons indicate that students in the general satisfaction categories characterize important differences in engaged learning and agency, but not assessment.

Varimax rotation method was used during the exploratory factor analysis. Seven factors were extracted: (1) Academic advising effectiveness, (2) Campus support services, (3) Campus life (4) Responsiveness to diverse populations, (5) Safety and Security (6) Campus climate, (7) financial aid effectiveness.
