*Financial Markets Institutions & Instruments*

Financial Institutions Financial Institutions are firms that provide access to the financial markets, both to savers, who wish to purchase financial instruments directly, and to borrowers, who want to issue them (Cecchetti/ Schoenholtz 2010).

Financial Instruments Financial instruments are cash, evidence of an ownership interest in an entity, or a contractual right to receive, or deliver, cash or another financial instrument. Cash instruments :are financial instruments whose value is determined directly by markets.
