Financial Management for Public, Health, and Not-for-Profit Organizations Hardcover - 29 Jan 2019 by Steven A. Finkler et al (Author) 3.7 out of 5 stars 9 ratings See all 2 formats and editions

The absence of appropriate financial management competencies has impeded progress in advancing the field of public health finance. It also inhibits the ability to professionalize this sector of the workforce. Financial managers should play a critical role by providing information relevant to decision making.

~~(PDF) FINANCIAL MANAGEMENT FOR PUBLIC, HEALTH, AND NOT-FOR ...~~

Public Financial Management (PFM) challenges differ in size and scope across countries. Increased revenue for the health sector alone will not achieve UHC goals unless well-functioning PFM systems are in place. To leverage PFM reform in the health sector, WHO provides support in the following areas:

~~Leveraging public financial management for better health~~

The absence of appropriate financial management competencies has impeded progress in advancing the field of public health finance. It also inhibits the ability to professionalize this sector of the workforce. Financial managers should play a critical role by providing information relevant to decision making.

~~Public Health Financial Management Competencies~~

Now in its Fifth Edition, Financial Management for Public, Health,

and Not-for-Profit Organizations is the leading textbook on financial management in the government, health, and not-for-profit sectors providing a comprehensive yet practical introduction to the financial decision-making and management skills required of students and practitioners in the field.

~~Financial Management for Public, Health, and Not-for ...~~
 Financial Management for Public, Health, and Not-for-Profit Organizations eBook: Steven A. Finkler, Daniel L. Smith, Thad D. Calabrese: Amazon.co.uk: Kindle Store

~~Financial Management for Public, Health, and Not-for ...~~
 Sustainability of the governmental public health system is dependent principally on the financial health of state and local public health agencies. This is a challenge since public health programs and services are often provided in fiscally strapped environments (e.g., government revenue declines, budget reductions, economic recessions, unfunded mandates).
