Flintknapping: Making and Understanding Stone Tools eBook ...

Making flaked stone tools, or "flintknapping," is the world's oldest documentable craft. It has been continually practiced for almost three million years, by the ancestors of all of us, from australopithecine "ape men" through Neanderthal cave dwellers, American Indians, African tribesmen, Bronze Age farmers of Europe and the Middle East to archaeologists, hobbyists, and a few isolated

peoples today.

Knapping - Wikipedia

Flintknapping : Making and Understanding Stone Tools by ...

In cultures that have not adopted metal-working technologies, the production of

stone tools by knappers is common, but in modern cultures the making of such tools is the domain of experimental archaeologists and hobbyists. Archaeologists usually undertake the task so that they can better understand how prehistoric stone tools were made.. Knapping is often learned by outdoorsmen.

Knapping - Wikipedia
