Steenkamp introduces the global brand value chain and explains how brand equity factors into shareholder value. The book equips executives with techniques for developing strategy, organizing execution, and measuring results so that your brand will prosper globally. What sets strong global brands apart? First, they generate more than half their revenue and most of their growth outside their home market. Secondly, their brand equity is responsible for a massive percentage of their firm's market value. Third, they operate as single brands everywhere on the planet. We find them in B2C and B2B industries, among large and small companies, and among established companies and new businesses. The stewards of these brands have a set of skills and knowledge that sets them apart from the typical corporate marketer. So what's their secret? In a world that is globalizing, but not yet globalized, how do you build a powerful global brand that resonates universally but also accommodates local nuances? How do you ensure that it is dynamic and flexible enough to change at market speed? World-class marketing expert Jan-Benedict Steenkamp has studied global brands for over 25 years on six continents. He has distilled their practices into eight tools that you can start using today. With case studies from around the world, Steenkamp's book is provocative and timely. Global Brand Strategy speaks to three types of B2C and B2B managers: those who want to strengthen already strong global brands, those who want to launch their brands globally and get results, and those who need to revive their global brand and stop the bleeding.

"All good marketing is local. Global companies know this and are going "glocal."There is also a trend towards the Internet of Everything, which revolutionizes the whole marketing discipline.Svend

Hollensen has captured all the latest trends very well with the new cases in his seventh edition of Global Marketing." Philip Kotler, S. C. Johnson & Son Distinguished Professor of International Marketing, Kellogg School of Management, Northwestern University In this era of increased globalisation, if there is one textbook that today's students and tomorrow's marketers need to read, it is Svend Hollensen's world renowned text. For over fifteen years "Global Marketing" has been the definitive, truly international guide to marketing. During that time, borders have become ever more transient and this book more central to the work of marketers all around the world. Now into its seventh edition, "Global Marketing" continues to be the most up-to-date and thorough text of its kind, with cutting-edge case studies and a focus on the impact of new technologies and perspectives on international marketing. This seventh edition expands on a number of new topics, including: shared economy solutions, social media, e-services and smart-watch app marketing, as well as many more. It is ideal for undergraduate and postgraduate students studying international marketing, and for any practitioners who want to take their global marketing strategies to the next level. "The world today truly is flat, and a sound global perspective is an absolute must for all students. SvendHollensen'sGlobal Marketingprovides a thorough and comprehensive treatment that delivers on this need." Michael R. Solomon, Professor of Marketing, Haub School of Business, Saint Joseph's University, USA, and Professor of Consumer Behaviour, University of Manchester, UK The best textbook on global marketing I have come across! The case studies, many of them available online, provide an excellent basis for class discussion. Elisabeth Gotze, Vienna University of Economics and Business Excellent level of detail in each chapter to support learning around strategic global marketing decisions. The video case studies are a huge bonus and really help to bring the subject alive. Giovanna Battiston, Senior Lecturer in Marketing, Sheffield Hallam University Key Features include: A clear part structure, organised around the five main decisions that marketing people in companies face in connection to the global marketing process End of part and end of chapter case studies helping students to understand how the theory relates to real world application Video case studies (available at www.pearsoned.co.uk/hollensen), showing how practitioners are using Global Marketing in their work About the author Svend Hollensen is Associate Professor of International Marketing at the University of Southern Denmark and has worked as a marketing consultant for several international companies and organizations. As well as this book, he is the author of other Pearson texts, including "Marketing Management" and "Essentials of Global Marketing." Student resources specifically written to complement this textbook are at www.pearsoned.co.uk/hollensen "

This new textbook introduces students to the essential concepts, theories and perspectives of Global Marketing and these are supported by real-world case studies from North America, Europe and the emerging markets of China, India and Latin America. These emerging markets are given balanced coverage alongside developed markets and the text also includes a dedicated chapter on emerging markets multinationals. Practical in its orientation, the text equips students with the tools needed to make strategic marketing decisions and find solutions in a global business environment. Key features include: A full-colour text design with photos to help bring the content to life and enhance students' learning 'Spotlight on Research' and 'Expand Your Knowledge', introducing students to some of the seminal scholarly research undertaken in the field 'Real World Challenges' offering additional engaging practice-led examples to Case Studies in chapters and providing a scenario for students to analyse and reflect upon via questions A companion website (<https://study.sagepub.com/farrell>) offering a range of instructor and student support materials including PowerPoint slides, a testbank for instructors and quizzes for students

Providing coverage of the issues which define marketing in the world today, this title covers long-standing topics, integrates and draws on new and existing theoretical insights from other management disciplines including services marketing, knowledge management, relationship marketing, e-commerce and e-business and corporate social responsibility.

'Global Marketing' reflects current issues and events while offering conceptual and analytical tools that will help students apply the 4Ps to global marketing.

This is the second edition of the Global Marketing Management System (GMMS). The GMMS approach (GMMS book + GMMSO4 software) provides a rigorous theoretical base and a comprehensive, systematic and integrative planning process designed to guide students and managers alike through the decision-making process of a company seeking global market opportunities. The

book aims to provide a structure, platform, tools and a systematic step-by-step process designed to support the creation of a strategic and applied oriented methodology to global business planning and strategy formulation. It introduces the GMMS process as a demonstration of a successful application of using web-based tools in teaching international business. The book also facilitates the ability of students to enhance their understanding of decision making in international management and bridge the gap between theory and practice. For courses in International Marketing and Global Marketing. This is the leading MBA text in international marketing-with comprehensive cases.

The globalization of the world's markets has forced luxury brands to, in turn, become global and accessible in many developing countries and emerging markets. As a result, the demand for these luxury products has increased globally, creating a need for an education in luxury that acknowledges the global perspective yet, at the same time, incorporates subtle regional nuances into luxury and fashion marketing. Keeping this global and regional perspective, *Luxury and Fashion Marketing: The Global Perspective* examines the elements of luxury marketing that contribute to superior luxury brand performance. Specifically, this volume focuses on mission statements, logos, airport retailing, franchising, challenges in luxury marketing, fashion relating to politics, environment, and beachwear, and case studies on luxury brands and emerging markets. *Luxury and Fashion Marketing: The Global Perspective* is unique in that it is written in a simple and engaging style to explain the theories and concepts of luxury in relation to the ordinary in the global context. Each chapter has to-do activities, making the book essential reading for students, trainers, and practitioners interested in luxury and fashion marketing and management.

Revised edition of the authors' *Principles of marketing*.

This book examines emerging theories, frameworks, and applications of global marketing for the 21st century. It highlights how global marketing is changing in a globalized and digital economy that is fast increasing in complexity and uncertainty. The traditional approach to global marketing is no longer sufficient to address the emerging issues in global markets. Global companies need to challenge traditional assumptions in global marketing in an era of shifting political, cultural, economic, and technological changes. They need to take a fresh look at the contemporary threats and opportunities in markets, institutions, and technology and how they affect entry and expansion strategies through careful re-calibration of the marketing-mix. This book offers new insights for global marketing that addresses these issues. This book should be an ideal resource to both academic scholars and reflective practitioners globally such as CEOs and chief marketing officers as well as government officials and policy makers interested in formulating strategies/policies for global marketing activities in the face of a globalized and digitized economy. This well-crafted research volume is an excellent addition to the growing literature on new

trends in international marketing. The authors present the latest insight on the impact of phenomena such as cross-border e-commerce and digital markets, and they discuss new tools for political risk assessment, international branding and more broadly the re-configuring of marketing-mix strategies - A powerful reminder that the new global market remains a rugged landscape. - Alain Verbeke, McCaig Research Chair in Management and Editor-in-Chief Journal of International Business Studies, University of Calgary, Canada. Emerging trends in institutions, markets, and societies, along with new technological advances, are redefining the scope and strategy in global marketing. Professors Agarwal and Wu have assembled a remarkable collection of cutting-edge topics and issues that capture the shifting paradigm and contemporary developments in the global marketing field. This is an informative and timely resource that makes a valuable contribution, useful for both scholars and business practitioners of global marketing. - Constantine S. Katsikeas, Arnold Ziff Endowed Research Chair in Marketing & International Management, Editor-in-Chief Journal of International Marketing, University of Leeds, UK. This book presents new and cutting-edge thinking at a time when the traditional views of international marketing need to be scrapped. Convergence forces are creating new opportunities as well as threats on a daily basis, and marketing practitioners as well as scholars must be forewarned as well as forearmed on how to deal with these changes. The real growth is coming from the emerging nations, and the theories that provided sufficient insights ten years ago have been completely outmoded by the ever-accelerating rate of innovation and technological change as well as the pressures to address the needs of all of the firm's relevant stakeholders. The strategic insights provided here are absolutely invaluable. Don't miss an opportunity to read this book!! - John B. Ford, Professor of Marketing & International Business, Eminent Scholar & Haislip-Rohrer Fellow, Editor-in-Chief, Journal of Advertising Research, Old Dominion University, USA.

Vast markets for high-symbolic-value goods serve as an expansive worldwide arena where luxury brands and products compete for consumer attention. As global luxury markets have grown and continue to grow, uncovering successful methods for maintaining brand image and consumer desire is critical to the success of high-end brands. Global Marketing Strategies for the Promotion of Luxury Goods explores the latest promotional trends, business models, and challenges within the luxury goods market. Focusing on strategies for achieving competitive advantage, new market development, as well as the role of the media in luxury brand building, this timely reference publication is designed for use by business professionals, researchers, and graduate-level students.

Engage Customers Around the World with Cross-Regional Content Marketing Technology has virtually erased national borders, forever transforming the way we reach and engage customers, as well as the way we search for and consume content. Global Content Marketing takes you step-by-step through the process of creating and refining your strategies to meet this new reality. LEARN HOW TO: Create content that engages people--regardless of their country and culture Identify key actions and strategies to apply to your projects Connect "dots" that others don't see and connect them in ways you never thought of before "Content marketing across geographies is a different animal. In this smart, practical, and authoritative book, Pam Didner has tamed this animal for all of us." -- DOUG KESSLER, Creative Director, Velocity "A valuable guide to developing and distributing your global content effectively." -- NANCY BHAGAT, former VP, Global Marketing Strategy, Intel, and current Divisional CMO, TE Connectivity "This book is the blueprint for engineering a modern scalable content marketing operation." -- PAWAN DESHPANDE, CEO, Curata "Finally the book

that explores all critical aspects of global content marketing! Whether you are a small business or a Fortune 500 company, it is essential to understand the 4P's developed by Pam Didner. Read it and take your content strategy to the whole new level." -- EKATERINA WALTER, author of Think Like Zuck and coauthor of The Power of Visual Storytelling

The New Global Marketing: Local Adaptation for Sustainability and Profit discusses the ways that marketing managers can assess the potential for global expansion and help their firms capitalize on opportunities. The book explores which companies and products should expand internationally, what countries offer the best opportunities, and which marketing plan will lead each product or company to success. The material adapts well-established frameworks to demonstrate how the global marketer can assess company strengths and weaknesses and analyze opportunities and risks in foreign markets. It discusses the proper balance between standardization and localization, and addresses the importance of the "triple" bottom line - environmental sustainability, social fairness, and financial performance. Students also learn about bottom-of-the-pyramid markets, the role of digital global marketing, and the importance of adapting to international political, social, and environmental pressures. Featuring more than twenty original case studies, The New Global Marketing is an excellent introduction to what it really takes to succeed as a global marketer. Written for students with some marketing education and exposure to international business, the book is ideally suited to upper-level business courses and M.B.A. programs.

Marketing Global Justice is a critical study of efforts to 'sell' global justice. The book offers a new reading of the rise of international criminal law as the dominant institutional expression of global justice, linking it to the rise of branding. The political economy analysis employed highlights that a global elite benefit from marketed global justice whilst those who tend to be the 'faces' of global injustice - particularly victims of conflict - are instrumentalised and ultimately commodified. The book is an invitation to critically consider the predominance of market values in global justice, suggesting an 'occupying' of global justice as an avenue for drawing out social values.

This book of expert contributions provides a comprehensive analysis of contemporary global marketing issues under different international business settings. It covers a wide array of key areas of international marketing research such as cross-cultural consumer behavior, foreign market entry modes, international entrepreneurship, international marketing strategy, country-of-origin effects, internationalization process, international buyer-seller relationships, corporate social responsibility, and international marketing performance. With both theoretical and empirical contributions by prominent researchers from all over the world, the book highlights and advances extant knowledge on global marketing and offers recommendations for future research. It builds a useful reference for scholars, doctoral researchers, and senior students in international marketing/business.

'Global Marketing Management' provides comprehensive coverage of the issues which define marketing in the world today, equipping students with some of the most current knowledge and practical skills to help them make key management decisions in the dynamic and challenging global trade environment.

This book has been written for experienced managers and students in postgraduate programs, such as MBA or specialized master's programs. In a systematic yet concise manner, it addresses all major issues companies face when conducting business across national and cultural boundaries, including assessing and selecting the most promising overseas markets, evaluating market entry alternatives, and examining the forces that drive adaptation versus standardization of the marketing mix. It looks at the various global marketing challenges from a strategic perspective and also addresses topics not usually found in international marketing texts, such as aligning marketing strategies with global organizational structures and managing the relationship between national subsidiaries, regional headquarters, and global headquarters, as well as corporate social responsibility challenges and pertinent future trends that are likely to affect global business. A guide to suitable video resources giving additional background to this book can be downloaded by all readers by contacting the author. Instructors can also obtain additional support material for teaching. Please email Bodo Schlegelmilch at WU Vienna, using your institutional email and stating your university affiliation: - More than 400 PowerPoint slides covering the material in each chapter- Open Ended Questions - A comprehensive multiple choice test bank with solutions

Designing strategies for global competition; Global marketing programs; Organizing and controlling global marketing operations; Special issues in global marketing.

Marketing has situated itself as an indispensable tool in today's business world-an unavoidable step in the process from production to consumption. This book is the first of its kind to map out the organizing principles and cultural logic of marketing, and trace the profession's ascent to global domination. Applbaum argues that marketing can be seen as a particular set of cultural practices that surfaced in reaction to the affluence of Western society, and not the answer to the call of inherent human needs and

wants. In order to understand globalization, transnational corporations, and the spread of consumer culture, one must understand the logic of marketing.

Global Marketing provides students with a truly international treatment of the key principles that every marketing manager should grasp. International markets present different challenges that require a marketer to think strategically, and apply tools and techniques creatively in order to respond decisively in a fiercely competitive environment. Alon et al. provide students with everything they need to rise to the challenge: Coverage of small and medium enterprises, as well as multinational corporations, where much of the growth in international trade and global marketing has occurred. A shift toward greater consideration of services marketing as more companies move away from manufacturing. A focus on emerging markets to equip students with the skills necessary to take advantage of the opportunities that these rapidly growing regions present. Chapters on social media, innovation, and technology teach students how to incorporate these new tools into their marketing strategy. New material on sustainability, ethics, and corporate social responsibility; key values for any modern business. Short cases and examples throughout the text show students how these principles and techniques are applied in the real world. Longer cases provide instructors and students with rich content for deeper analysis and discussion. Covering key topics not found in competing books, Global Marketing will equip students with the knowledge and confidence they need to become leading marketing managers. A companion website features an instructor's manual with test questions, as well as additional exercises and examples for in-class use.

This textbook introduces students to the important concepts of global marketing today, and their managerial implications. Designed to be shorter than many other textbooks, Global Marketing focuses on getting to the point faster. Increasingly, marketing activities must be integrated at a global level. Yet, the enduring influence of culture requires marketers to adapt local strategies in light of cultural differences. Global Marketing takes a similar strategic approach, recognizing the need to address both the forces of globalization and those of localization. Other key features include: Coverage of often overlooked topics, such as the competitive rise of China's state-owned enterprises; the importance of diasporas as target markets; and the emerging threat to legitimate marketers from transnational criminal organizations A chapter dedicated to understanding global and local competitors, setting the stage for ongoing discussion of both buyers and competitors in an increasingly competitive global marketplace Extensive real-life examples and cases from developed and emerging markets, including insights into the often-overlooked markets of Africa, Latin America, and the Middle East Written in a student-friendly style, previous editions have received praise from both students and instructors. This edition continues to build on this strong foundation, making this the book of choice for students of global marketing classes.

Global Marketing Management prepares students to become effective managers overseeing global marketing activities in an increasingly competitive environment. The text's guiding principle, as laid out clearly and methodically by authors Kotabe and Helsen, is that the realities of international marketing are more multilateral. The 5th Edition further addresses some peculiar phenomenon being observed in global marketing today. Whether they choose to pursue marketing careers, all students learn how marketing managers can affect other business functions for effective corporate performance on a global basis and how to work effectively with others for the same corporate goal. Global Marketing Management brings timely coverage in various economic and financial as well as marketing issues that arise from the acutely recessionary market environment.

Global Marketing, 3rd edition, provides students with a truly international treatment of the key principles that every marketing manager should grasp. International markets present different challenges that require a marketer to think strategically and apply tools and techniques creatively in order to respond decisively within a fiercely competitive environment. Alon et al. provide students with everything they need to rise to the challenge: Coverage of small and medium enterprises, as well as multinational corporations, where much of the growth in international trade and global marketing has occurred; A shift toward greater consideration of services marketing as more companies move away from manufacturing; A shift from developed markets to emerging markets with more dynamic environments A focus on emerging markets to equip students with the skills necessary to take advantage of the opportunities that these rapidly growing regions present; Chapters on social media, innovation, and technology teaching students how to incorporate these new tools into their marketing strategy; New material on sustainability, ethics, and corporate social responsibility; key values for any modern business; Short and long cases and examples throughout the text show students how these principles and techniques are applied in the real world; Covering key topics not found in competing books, Global Marketing will equip today's students with the knowledge and confidence they need to become leading marketing managers. A companion website features an instructor's manual with test questions, as well as additional exercises and examples for in-class use.

The concise book covers the essential concepts of global marketing with the aid of extensive real-life examples and cases. The book offers balanced coverage of developed and developing markets, including insights into the often overlooked markets of Africa, Latin America, and the Middle East. It features comprehensive coverage of current topics based on the authors' extensive research and consulting experience. An early introduction to culture and marketing prepares students to integrate cultural analysis throughout the course.

Business to business markets are considerably more challenging than consumer markets and as such demand a more specific skillset from marketers. Buyers, with a responsibility to their company and specialist product knowledge, are more demanding than the average consumer. Given that the products themselves may be highly complex, this often requires a sophisticated buyer to understand them. Increasingly, B2B relationships are conducted within a global context. However all textbooks are region-specific despite this growing move towards global business relationships – except this one. This textbook takes a global viewpoint, with the help of an international author team and cases from across the globe. Other unique features of this insightful study include: placement of B2B in a strategic marketing setting; full discussion of strategy in a global setting including hypercompetition; full chapter on ethics and CSR early in the text; and detailed review of global B2B services marketing, trade shows, and market research. This new edition has been fully revised and updated with a full set of brand new case studies and features expanded sections on digital issues, CRM, and social media as well as personal selling. More selective, shorter, and easier to read than other B2B textbooks, this is ideal for introduction to B2B and shorter courses. Yet, it is comprehensive enough to cover all the aspects of B2B marketing any marketer needs, be they students or practitioners looking to improve their knowledge.

A domestic strategy and only one language means lost revenue and missed opportunities. Your business could be exploding on a global level. If your business wants international growth across borders into global industries, pursuing buyers without considering their culture or by using a machine translation hurts your efforts. A solid strategy with high-quality, culturally adapted content and translations connects you to prospective buyers online and leads to completed sales. To convert more website visitors into loyal customers and increase profits, you need the correct content in the globalized or localized language for your target audience. In *The Language of Global Marketing*, Rapport International President Wendy Pease provides the roadmap for business-builders to find new revenue from a global audience with the right quality content and tools. Filled with easy-to-understand strategies and solutions to real-life situations, this is your guide to successful international expansion through global inbound marketing and translation services. You'll discover: How to align your expansion plans, communications, and brand with your company's digital marketing plan. Four key components to build a successful Translation Management Plan. Secrets to receiving better quality and more culturally appropriate translations from your translator. Nine tactics to optimize your website and translate data for global SEO in your target market. Interpreter options when you need to speak to your customers. Huge advantages of cultivating a diverse workforce while expanding globally. Connect with your buyers across every language and culture - no passport or overseas travel necessary. Get *The Language of Global Marketing* now and speak the language of success for your organization!

Strategic, comprehensive, and concise, the fifth edition of this popular textbook introduces students to the important concepts of global marketing today, and their managerial implications. Increasingly, marketing activities must be integrated at a global level. Yet, the enduring influence of culture requires marketers to adapt local strategies in light of cultural differences. *Global Marketing* takes a strategic approach, recognizing the need to address both the forces of globalization and those of localization. Key updates include: Extensive real-life examples and cases from developed and emerging markets, including Africa, Latin America, and the Middle East; New topics such as digital distribution options, the participation of customers, and the rise of social media, including Twitter, Facebook, and TikTok; Updated exploration of often overlooked topics, such as China's state-owned enterprises, the importance of diasporas as target markets, the threat of transnational criminal organizations to legitimate marketers, and new tensions among trading partners; A stronger recognition of the need for a growth mindset, value orientation, and innovation. Written in a student-friendly style, this fully updated new edition continues to be the textbook of choice for students of global marketing.

For undergraduate and graduate global marketing courses. The excitement, challenges, and controversies of global marketing. *Global Marketing* reflects current issues and events while offering conceptual and analytical tools that will help students apply the 4Ps to global marketing. MyMarketingLab is not a self-paced technology and should only be purchased when required by an instructor.

Johansson's *Global Marketing, 5/e* utilizes a three-pronged framework to organize the discussion of how to conduct global business: Foreign Entry, Local Marketing, and Global Management. Johansson seeks to develop the varied skills a marketing manager needs to be successful in each of these tasks. In foreign entry, in global management, and to a large extent even as a local marketer in a foreign country, the global marketer needs skills that the home makes experience-or the standard marketing text-have rarely taught. The recognition of the three roles helps dispel the notion that "there is no such thing as international global marketing, only marketing. Much of the excellent research and tried-and-true teaching material that global marketers in business and academe have contributed over the years is reflected in the chapters and in several cases that can be found at the end of each major section. The authors have focused on material that is timely and up-to-date, and relevant to the global context.

There are many books on the market that discuss the Toyota Production System but few that insightfully analyze its marketing strategy. Authored by former Toyota marketing executives, this is the first book of its kind to detail how Toyota's thinking habits go beyond the shop floor and influence and guide Toyota's marketing function. Toyota has expanded from a venture enterprise to one of the biggest global enterprises because of its innovative mindset (Toyota thinking habits) using Breakthrough Thinking, which supports a new philosophical approach to problem solving, turning 180 degrees away from conventional thinking. Written by Toyota's former executive managing director and founder of Breakthrough Thinking, *Toyota's Global Marketing Strategy: Innovation through Breakthrough Thinking and Kaizen: Explores Toyota's "Breakthrough Thinking"* Examines how Toyota conducts information gathering. Illustrates how Toyota builds and maintains its unique business culture Shows how Toyota "goes to the customer" and comprehensively studies how customers use their products Reveals Toyota's cars have become some of the biggest selling models in the USA The authors of this book explore Toyota thinking habits as well as Toyota's global marketing strategy, which, since the 1980s, has been expanding exponentially. The reader will understand the importance of thinking habits in the workplace and will know how to apply them using Toyota as the prime case study.

An introduction to marketing using a practical and engaging approach. *Marketing: An Introduction* shows students how customer value -- creating it and capturing it -- drives effective marketing strategies. The 14th Edition reflects the major trends and shifting forces that impact marketing in this digital age of customer value, engagement, and relationships, leaving students with a richer understanding of basic marketing concepts, strategies, and practices. Through updated company cases, *Marketing at Work* highlights, and revised end-of-chapter exercises, students are able to apply marketing concepts to real-world company scenarios. For undergraduate principles of marketing courses. Pearson eText is a simple-to-use, mobile-optimized, personalized reading experience that can be adopted on its own as the main course material. It lets students highlight, take notes, and review key vocabulary all in one place, even when offline. Seamlessly integrated videos and other rich media engage students and give them access to the help they need, when they need it. Educators can easily customize the table of contents, schedule readings and share their own notes with students so they see the connection between their eText and what they learn in class -- motivating them to keep reading, and keep learning. And, reading analytics offer insight into how students use the eText, helping educators tailor their instruction. NOTE: This ISBN is for the Pearson eText access card. For students purchasing this product from an online retailer, Pearson eText is a fully digital delivery of Pearson content and should only be purchased when required by your instructor. In addition to

your purchase, you will need a course invite link, provided by your instructor, to register for and use Pearson eText.

The globalization of companies is the involvement of customers, producers, suppliers, and other stakeholders in the global marketing process. Global marketing therefore reflects the trend of firms selling products and services across many countries. Drawing on an incomparable breadth of international examples, Svend Hollensen not only demonstrates how global marketing works, but also how it relates to real decisions around the world. This book offers a truly global approach with cases and exhibits from all parts of the world, including Europe, the Middle East, Africa, the Far East, North and South America. It provides a complete and concentrated overview of the total international marketing planning process, along with many new, up-to-date exhibits and cases, which illustrate the theory by showing practical applications. Extensive coverage of hot topics such as globalization, born globals, value creation, value net, celebrity branding, brand piracy, and viral marketing, as well as a comprehensive new section on integrated marketing communication through social networking. Brand new case studies focus on globally recognized brands and companies operating in a number of countries, including Build-A-Bear Workshop, Hello Kitty, Ralph Lauren and Sony Music Entertainment. Video cases featuring firms such as Nivea, Reebok, Starbucks, Hasbro and McDonald's accompany every chapter and are available at www.pearsoned.co.uk/hollensen. Real-world examples and exhibits enliven the text and enable the reader to relate to marketing models.

Packed with cultural, company, and country examples, this book offers a mix of theory and practical applications covering globalization, global branding strategies, classification models of culture, and the consequences of culture for all aspects of marketing communications. The author helps define cross cultural segments to better target consumers across cultures and features content on how culture affects strategic issues, such as the company's mission statement, brand positioning strategy, and marketing communications strategy. It also demonstrates the centrality of value paradoxes to cross cultural marketing communications, and uses the Hofstede model to help readers see how their understanding of cultural relationships in one country/region can be extended to other countries/regions. Updates to the new edition include: Information and findings from recent studies, as well as new topics, including global public relations, culture and the media, and culture and the Internet. Global examples, with new cases from countries in Asia and Africa. Includes broader background theory on usage differences of new digital media, along with more extensive coverage of consumer behavior. A range of online instructor resources complement the book, including chapter-specific PowerPoint slides, downloadable advertising images from the book, chapter-specific questions and key points, and video examples of advertising from around the world. Suitable reading for students of International Marketing, Global Advertising or practitioners in global marketing departments.

For undergraduate and graduate courses in global marketing. The excitement, challenges, and controversies of global marketing. *Global Marketing* reflects current issues and events while offering conceptual and analytical tools that will help students apply the 4Ps to global marketing. MyMarketingLab for Global Marketing is a total learning package. MyMarketingLab is an online homework, tutorial, and assessment program that truly engages students in learning. It helps students better prepare for class, quizzes, and exams—resulting in better performance in the course—and provides educators a dynamic set of tools for gauging individual and class progress.

The 7th Edition of *Global Marketing Management* prepares students to become effective managers overseeing global marketing activities in an increasingly competitive environment. The text's guiding principle, as laid out concisely and methodically by authors Kotabe and Helsen, is that the realities of international marketing are more "multilateral." Suitable for all business majors, the text encourages students to learn how marketing managers work across business functions for effective corporate performance on a global basis and achievement of overall corporate goals. *Global Marketing Management* brings timely coverage in various economic and financial as well as marketing issues that arise from the acutely recessionary market environment.

An introduction to marketing concepts, strategies and practices with a balance of depth of coverage and ease of learning. Principles of Marketing keeps pace with a rapidly changing field, focusing on the ways brands create and capture consumer value. Practical content and linkage are at the heart of this edition. Real local and international examples bring ideas to life and new feature 'linking the concepts' helps students test and consolidate understanding as they go. The latest edition enhances understanding with a unique learning design including revised, integrative concept maps at the start of each chapter, end-of-chapter features summarising ideas and themes, a mix of mini and major case studies to illuminate concepts, and critical thinking exercises for applying skills.
