The Role of the World Trade Organization 1.1 The Role of the World Trade Organization The World Trade Organization (WTO) is one of the three international organisations (the other two are the International Monetary Fund and the World Bank Group) which by and large formulate and co-ordinate world economic policy.

1. The Role of the World Trade Organization

While there is no universally agreed definition of globalization, economists typically use the term to refer to international integration in commodity, capital and labour markets (Bordo et al., 2003). Using integration in these markets as the benchmark, it is clear that globalization is not a new phenomenon.

B G GLOBALIZATION AND TRADE - World Trade Organization

The WTO's primary goal is to take the friction out of global commerce, ensuring that trade among nations can flow across borders in a smooth and predictable manner. That's not an insignificant endeavor. This multipart series explores the WTO's purpose and mission, what "WTO rules" means, and new and emerging types of free trade agreements.

World Trade Organization Policies and their Impact on ...

The World Trade Organization, (WTO), is the primary international body to help promote free trade, by drawing up the rules of international trade. However, it has been mired in controversy and seen to be hijacked by rich country interests, thus worsening the lot of the poor, and inviting protest and intense criticism.
