Reveals the experiences of boys growing up and coming of age in a working-class New Jersey town in the seventies.

Perfect for Halloween, this is a hilarious story about a boy who follows in his father's footsteps . . . in his own monstrously unique way. Just before midnight, on the night of a full moon, a young barber stays out past his bedtime to go to work. Although his customers are mostly regulars, they are anything but normal--after all, even monsters need haircuts. Business is steady all night, and this barber is prepared for anything with his scissors, rotting ton-

ic, horn polish, and stink wax. It's a tough job, but someone's got to help these creatures maintain their ghoulish good looks.

This early work by Ring Lardner was originally published in 1925 and we are now republishing it with a brand new introduction. 'Haircut' is a dark satire about moral blindness. Ring Lardner was born in Niles, Michigan in 1885. He studied engineering at the Armour Institute of Technology in Chicago, but did not complete his first semester. In 1907, Lardner obtained his first job as journalist with the South Bend Times. Six years later, he published his first successful book, *You Know Me Al*, an epistolary novel written in the form of letters by 'Jack Keefe', a bush-league baseball player, to a friend back home. A huge hit, the book earned the appreciation of Virginia Woolf and others. Lardner went on to write such well-known short stories as 'Haircut', 'Some Like Them Cold', 'The Golden Honeymoon', 'Alibi Ike', and 'A Day with Conrad Green'.

#1 NEW YORK TIMES BESTSELLER From the New York Times bestselling author of *Invisible Girl* and *The Truth About Melody Browne* comes a “riveting” (PopSugar) and “acutely observed family drama” (People) that delves into the lingering aftermath of a young girl’s disappearance. Ellie Mack was the perfect daughter. She was fifteen, the youngest of three. Beloved by her parents, friends, and teachers, and half of a teenaged golden couple. Ellie was days away from an idyllic post-exams summer vacation, with her whole life ahead of her. And then she was gone. Now, her mother Laurel Mack is trying to put her life back together. It’s been ten years since her daughter disappeared, seven years since her marriage ended, and only months since the last clue in Ellie’s case was unearthed. So when she meets an unexpectedly charming man in a café, no one is more surprised than Laurel at how quickly their flirtation develops into something deeper. Before she knows it, she’s meeting Floyd’s daughters—and his youngest, Poppy, takes Laurel’s breath away. Because looking at Poppy is like looking at Ellie. And now, the unanswered questions she’s tried so hard to put to rest begin to haunt Laurel anew. Where did Ellie go? Did she really run away from home, as the police have long suspected, or was there a more sinister reason for

her disappearance? Who is Floyd, really? And why does his daughter remind Laurel so viscerally of her own missing girl?

We live in an "adultitarian" state, where the rules are based on very adult priorities and understandings of reality. Young people are disenfranchised and powerless; they understand they're subject to an authoritarian regime, whether they buy into it or not. But their unique perspectives also offer incredible potential for engagement and innovation. Cultural planner and performance director Darren O'Donnell has been collaborating with children for years through his theatre company, Mammalian Diving Reflex; their most well-known piece, Haircuts by Children (exactly what it sounds like) has been performed internationally. O'Donnell suggests that that working with children in the cultural industries in a manner that maintains a large space for their participation can be understood as a pilot for a vision of a very different role for young people in the world - one that the UN Committee on the Rights of the Child considers a "new social contract." *Seen and Heard* is a practical proposal for the inclusion of children in as many realms as possible, not only as an expression of their

rights, but as a way to intervene in the world and to disrupt the stark economic inequalities perpetuated by the status quo. Deeply practical and wildly whimsical, *Seen and Heard* might actually make total sense. Darren O'Donnell is an urban cultural planner, novelist, essayist, playwright, director, designer, performer, and the artistic director of the Mammalian Diving Reflex theater company. O'Donnell currently resides in Toronto, Ontario.

The world's most infamous hacker offers an insider's view of the low-tech threats to high-tech security Kevin Mitnick's exploits as a cyber-desperado and fugitive form one of the most exhaustive FBI manhunts in history and have spawned dozens of articles, books, films, and documentaries. Since his release from federal prison, in 1998, Mitnick has turned his life around and established himself as one of the most sought-after computer security experts worldwide. Now, in *The Art of Deception*, the world's most notorious hacker gives new meaning to the old adage, "It takes a thief to catch a thief." Focusing on the human factors involved with information security, Mitnick explains why all the firewalls and encryption protocols in the world will never be enough to stop a savvy grifter intent on rifling a corporate database or an irate employee determined to crash a system. With the help of many fascinating true stories of successful attacks on business and government, he illustrates just how susceptible even the most locked-down information systems are to a slick con artist impersonating an IRS agent. Narrating from the points of view of both the attacker and the victims, he explains why each attack was so successful and how it could have been prevented in an engaging and highly readable style reminiscent of a true-crime novel. And, perhaps most importantly, Mitnick offers advice for preventing these types of social engineering hacks through security protocols, training programs, and manuals that address the human element of security.

When measured against the total population, the idea of 100 more clients is barely a blip on the radar screen of the industry. That said, most of our lives and businesses would be significantly altered if we were able to capture just 100 more haircut clients than we currently have. One hundred new clients will not happen with one new client every day. Achieving a growth number like that will take some time, and it will take hard work. Growth of this type will build like a snowball rolling downhill. Building a clientele is a journey, not a single event or action. There are steps to take and processes to follow. This book is intended to be your guide book for this adventure.

Through the simple act of a hair cut, readers are taken on a geographical and emotional journey into the lives of humans experiencing homelessness in different cities across the world. "Coombes is a hairdresser, and he believes that small acts of love can make a big impact." --Morgan Freeman, in *The Story of Us* "Joshua's stories show the power that empathy and compassion have to turn a common, everyday act into something transformative. They are the revelations of connection." --Michael Sheen, actor and activist "A simple, big-hearted, and world-shaking idea." --Nick Cave, singer, songwriter "The most vulnerable among us deserve our empathy, compassion, and advocacy. In leading by ex-

ample, Joshua Coombes is both thought-provoking and inspiring, making us each ask what more we might do to better see and care for our communities. Joshua's work has always struck a chord with me, and I'm certain this book will strike a chord in the hearts of readers everywhere." --Sophia Bush, actor and activist "Joshua Coombes takes a simple concept--giving free haircuts to homeless people--and turns it into an spiritual parable. Armed with clippers, scissors, dry shampoo, and unpretentious decency, Coombes introduces the reader to those he met living on the streets of America, Australia, India, France, Holland, and his native UK, and in a warm and witty voice transforms his characters from invisible to unforgettable just as he did with the haircuts." --- Danny Goldberg, author of *Serving the Servant: Remembering Kurt Cobain* "Cutting someone's hair is a deeply intimate act, and when done for free, it conveys a profound affirmation of personal value. Do Something for Nothing reclaims the revolutionary power of small acts of human compassion across the boundaries that too often divide us." --Mark Andersen, coauthor of *We Are the Clash: Reagan, Thatcher, and the Last Stand of a Band That Mattered* "Joshua Coombes's work gives us what we so desperately need right now: hope, optimism, kind curiosity, and real human connection. This book will make you want to do something, just because you can." --Emma Gannon, author of *The Multi-Hyphen Life* When you're on the fringes of society, being noticed can mean everything. In 2015, while working at a London hair salon, Joshua Coombes took to the streets with his scissors to build relationships with people sleeping rough in the capital. This inspired him to begin posting transformative images on social media to amplify their voices. These stories resonated and thousands of

people got involved in their own way. #DoSomethingForNothing was born--a movement that encourages people to connect their skills and time to those who need it. Via the simple act of a haircut, readers are taken on a geographical and emotional journey into the lives of humans experiencing homelessness in different cities across the world. Featuring never-before-seen photographs and all-new writing, Do Something for Nothing explores themes of love, acceptance, shame, and perseverance, while inviting us to see ourselves in one another and dissolve the negative stigmas surrounding homelessness. Additionally, a portion of the proceeds from this book will be donated to organizations dedicated to assisting unsheltered people.

The fun and easy way to speak Spanish With Mexico the #1 international destination for Americans, over 14 million secondary school students enrolled in Spanish classes, and Spanish the primary language in many neighborhoods from L.A. to Miami, this should easily be the most popular title in our new phrase book series, following in the footsteps of Spanish For Dummies (0-7645-5194-9), which has sold more than 300,000 copies. Susana Wald is a writer, teacher, and translator.

The political humorist shares his transformation from dirty hippie to conservative middle-aged grouch: "An incorrigible comic gift" (The New York Times Book Review). The #1 New York Times--best-selling author of Give War a Chance was at one time a raving pinko, with scars on his formerly bleeding heart to prove it. In Age and Guile: Beat Youth, Innocence, and a Bad Haircut, P. J. O'Rourke chronicles the remarkable trajectory that took him from

the lighthearted fun of the revolutionary barricades to the serious business of the nineteenth hole. How did the O'Rourke of 1970, who summarized the world of "grown-ups" as "materialism, sexual hang-ups, the Republican party, uncomfortable clothes, engagement rings, car accidents, Pat Boone, competition, patriotism, cheating, lying, ranch houses, and TV" come to be in favor of all of those things? What caused his metamorphosis from a beatnik-hippie type comfortable sleeping on dirty mattresses in pot-addled communes during his days as a writer for assorted "underground" papers? Here, O'Rourke shows how his socialist idealism and avant-garde aesthetic tendencies were cured, and how he acquired a healthy and commendable interest in national defense, balanced budgets, Porsches, and Cohiba cigars. From a former editor-in-chief of National Lampoon and frequent NPR guest, this hilarious essay collection shows that there's hope for all those suffering from acute bohemianism.
