M. R. James was born in Kent, England in 1862. James came to writing fiction relatively late, not publishing his first collection of short stories – Ghost Stories of an Antiquary (1904) – until the age of 42. Modern scholars now see James as having redefined the ghost story for the 20th century and he is seen as the founder of the 'antiquarian ghost story'. We are republishing these classic works in affordable, high quality, modern editions with a brand new introductory biography of the author.

"The Irishman is great art . . . but it is not, as we know, great history . . . Frank Sheeran . . . surely didn't kill Hoffa . . . But who pulled the trigger? . . . For some of the real story, and for a great American tale in itself, you want to go to Jack Goldsmith's book, *In Hoffa's Shadow*." —Peggy Noonan, *The Wall Street Journal*
"In *Hoffa's Shadow* is compulsively readable, deeply affecting, and truly groundbreaking in its re-examination of the Hoffa case . . . a monumental achievement." —James Rosen, *The Wall Street Journal*
As a young man, Jack Goldsmith revered his stepfather, longtime Jimmy

Hoffa associate Chuckie O'Brien. But as he grew older and pursued a career in law and government, he came to doubt and distance himself from the man long suspected by the FBI of perpetrating Hoffa's disappearance on behalf of the mob. It was only years later, when Goldsmith was serving as assistant attorney general in the George W. Bush administration and questioning its misuse of surveillance and other powers, that he began to reconsider his stepfather, and to understand Hoffa's true legacy. In *Hoffa's Shadow* tells the moving story of how Goldsmith reunited with the stepfather he'd disowned and then set out to unravel one of the twentieth century's most persistent mysteries and Chuckie's role in it. Along the way, Goldsmith explores Hoffa's rise and fall and why the golden age of blue-collar America came to an end, while also casting new light on the century-old surveillance state, the architects of Hoffa's disappearance, and the heartrending complexities of love and loyalty.

The author shares his insights into the craft of writing and offers a humorous perspective on his own experience as a writer.

Women brewed and sold most of the ale consumed in medieval England, but after 1350, men slowly took over the trade. By 1600, most brewers in London were male, and men also dominated the trade in many towns and villages. This book asks how, when, and why brewing ceased to be women's work and instead became a job for men. Employing a wide variety of sources and methods, Bennett vividly describes how brewsters (that is, female brewers) gradually left the trade. She also offers a compelling account of the endurance of patriarchy during this time of dramatic change.

"Over 15 chapters, Dunaway transforms what we know about icons and events. Seeing Green is the first history of ads, films, political posters, and magazine photography in the postwar American environmental movement. From fear of radioactive fallout during the Cold War to anxieties about global warming today, images have helped to produce what Dunaway calls "ecological citizenship," telling us that "we are all to blame." Dunaway heightens our awareness of how depictions of environmental catastrophes are constructed, manipulated, and fought over"--Publisher info.

With roots in eugenics and other social-control programs, modern American environmentalism is not always as progressive as we would like to think. In *The Ecological Other*, Sarah Jaquette Ray examines the ways in which environmentalism can create social injustice through discourses of the body. Ray investigates three categories of ecological otherness: people with disabilities, immigrants, and Native Americans. Extending recent work in environmental justice ecocriticism, Ray argues that the expression of environmental disgust toward certain kinds of bodies draws problematic lines between ecological "subjects"—those who are good for and belong in nature—and ecological "others"—those who are threats to or out of place in nature. Ultimately, *The Ecological Other* urges us to be more critical of how we use nature as a tool of social control and to be careful about the ways in which we construct our arguments to ensure its protection. The book challenges long-standing assumptions in environmentalism and will be of interest to those in environmental literature and history, American studies, disability studies, and Native American studies, as well as anyone concerned with issues of environmental justice.

Garnering international prizes and acclaim before its publication, *Ilustrado* has been called "brilliantly conceived and stylishly executed . . . It is also ceaselessly entertaining, frequently raunchy, and effervescent with humor" (2008 Man Asian Literary Prize panel of judges). It begins with a body. On a clear day in winter, the battered corpse of Crispin Salvador is pulled from the Hudson River—taken from the world is the controversial lion of Philippine literature. Gone, too, is the only manuscript of his final book, a work meant to rescue him from obscurity by exposing the crimes of the Filipino ruling families. Miguel, his student and only remaining friend, sets out for Manila to investigate. To understand the death, Miguel scours the life, piecing together Salvador's story through his poetry, interviews, novels, polemics, and memoirs. The result is a rich and dramatic family saga of four generations, tracing 150 years of Philippine history forged under the Spanish, the Americans, and the Filipinos themselves. Finally, we are surprised to learn that this story belongs to young Miguel as much as to his lost mentor, and we are treated to an unhindered view of a society caught between reckless decay and hopeful progress. Exuberant and wise, wildly funny and deeply moving, *Ilustrado* explores the hidden truths that haunt every family. It is a daring and inventive debut by a new writer of astonishing talent.

This book explores what writing for pleasure means, and how it can be realised as a much-needed pedagogy whose aim is to develop children, young people, and their teachers as extraordinary and life-long writers. The approach described is grounded in what global research has long been telling us are the most effective ways of teaching writing and contains a description of the authors' own research project into what exceptional teachers of writing do that makes the difference. The authors describe ways of

building communities of committed and successful writers who write with purpose, power, and pleasure, and they underline the importance of the affective aspects of writing teaching, including promoting in apprentice writers a sense of self-efficacy, agency, self-regulation, volition, motivation, and writer-identity. They define and discuss 14 research-informed principles which constitute a Writing for Pleasure pedagogy and show how they are applied by teachers in classroom practice. Case studies of outstanding teachers across the globe further illustrate what world-class writing teaching is. This ground-breaking text is essential reading for anyone who is concerned about the current status and nature of writing teaching in schools. The rich Writing for Pleasure pedagogy presented here is a radical new conception of what it means to teach young writers effectively today.

How cultivating a healthy fear of God liberates us from our fear of others, our fear of the future, and even our fear of death itself. At times the world feels like it's losing its mind. From politics to the pandemic, we live with an ever-increasing uncertainty, and many of us have grown to fear the rapid disintegration of our society and our own lives. *Recovering Our Sanity* is not another self-help book about how to beat your daily fears for a better life. It's a book that will show you the gravity and glory of a God who's worthy of our fear. It's a book that will reveal how these two biblical phrases—Fear God and Do Not Be Afraid—are not contradictory but actually one coherent message. Michael Horton—Professor of Theology and Apologetics at Westminster Seminary—shows us that we cannot fight our fears by seeking the absence of fear altogether, but by living with a fear of God that drives out the fear of every-

thing else. Horton will walk you through the case for the fear of God by: Developing what it means to fear God, biblically and theologically, and what this kind of fear looks like in practice. Categorizing different types of fears—from cultural anxiety to pain and hardship—and what they stem from. Focusing on how to confront our earthly fears with our hope in Christ, rooted in the gospel. Reminding us that God does not exist for us; we exist for God. Humbling, thought-provoking, and hope-igniting, *Recovering Our Sanity* delivers a timely message that will help you shift your focus from a human-centered obsession with self-preservation to a fixation on Christ and his salvation. Rather than clinging to false securities and promises of immediate gratification, you can gain the lasting joy of knowing the One who has given himself to save us and who says to us, "Do not be afraid."

He's determined to find out what happened and tie off some loose ends before he leaves. Left with no choice, Yadriel agrees to help Julian, so that they

can both get what they want. But the longer Yadriel spends with Julian, the less he wants to let him leave. Praise for Cemetery Boys: Longlisted for the National Book Award "The novel perfectly balances the vibrant, energetic Latinx culture while delving into heavy topics like LGBTQ+ acceptance, deportation, colonization, and racism within authoritative establishments." —TeenVogue.com "This stunning debut novel from Thomas is detailed, heart-rending, and immensely romantic. I was bawling by the end of it, but not from sadness: I just felt so incredibly happy that this queer Latinx adventure will get to be read by other kids. Cemetery Boys is necessary: for trans kids, for queer kids, for those in the Latinx community who need to see themselves on the page. Don't miss this book." —Mark Oshiro, author of *Anger is a Gift*

"In *Sorry About That*, linguist Edwin Battistella analyzes the public apologies of presidents, politicians, entertainers, and businessmen, situating the apology within American popular culture. Battis-

tella offers the fascinating stories behind these apologies alongside his own analysis of the language used in each. He uses these examples to demonstrate the ways in which language creates sincere or insincere apologies, why we choose to apologize or don't, and how our efforts to say we are sorry succeed or fail."--Provided by publisher.
