"David Abulafia's new book guides readers along the world's greatest bodies of water to reveal their primary role in human history. The main protagonists are the three major oceans--the Atlantic, the Pacific, and the Indian--which together comprise the majority of the earth's water and cover over half of its surface. Over time, as passage through them gradually extended and expanded, linking first islands and then continents, maritime networks developed, evolving from local exploration to lines of regional communication and commerce and eventually to major arteries. These waterways carried goods, plants, livestock, and of course people--free and enslaved--across vast expanses, transforming and ultimately linking irrevocably the economies and cultures of Africa, Europe, Asia, and the Americas"--

From the famous, funny, and irreverent wine author, a personal journey into the new and old world of natural wine"

When *Adventures on the Wine Route* was first published, Victor Hazan said, "In Kermit Lynch's small, true, delightful book there is more understanding about what wine really is than in everything else I have read." A quarter century later, this remarkable journey of wine, travel, and taste remains an essential volume for wine lovers. In 2007, Eric Asimov, in *The New York Times*, called it "one of the finest American books on wine," and in 2012, *The Wall Street Journal* proclaimed that it "may be the best book on the wine business." In celebration of its twenty-fifth anniversary, *Adventures on the Wine Route* has been thoroughly redesigned and updated with an epilogue and a list of the great wine connoisseur's twenty-five most memorable bottles. In this singular tour along the French wine route, Lynch ventures forth to find the very essence of the wine world. In doing so, he never shies away from the attitudes, opinions, and beliefs that have made him one of our most respected and outspoken authorities on wine. Yet his guiding philosophy is exquisitely simple. As he writes in the introduction, "Wine is, above all, about pleasure. Those who make it ponderous make it dull . . . If you keep an open mind and take each wine on its own terms, there is a world of magic to discover." *Adventures on the Wine Route* is the ultimate quest for this magic via France's most distinguished vineyards and wine cellars. Lynch draws vivid portraits of vintners—from inebriated *négociants* to a man who oversees a vineyard that has been in his family for five hundred years—and memorably evokes the countryside at every turn. "The French," Lynch writes, "with their aristocratic heritage, their experience and tradition, approach wine from another point of view . . . and one cannot appreciate French wine with any depth of understanding without knowing how the French them-

selves look at their wines, by going to the source, descending into their cold, humid cellars, tasting with them, and listening to the language they employ to describe their wines." Here, Kermit Lynch assures a whole new generation of readers—as well as his loyal fans—that discussions about wine need not focus so stringently on "the pH, the oak, the body, the finish," but rather on the "gaiety" of the way "the tart fruit perfume[s] the palate and the brain."

One of the world's great authorities on wine, Hugh Johnson has been writing on the subject (among others) for almost six decades. This selection chronicles his personal take on developments that have revolutionised the industry for half a century and more. Johnson's prose describes as no one else can the endlessly fascinating characters and landscapes of the wine world. He tells of setting sail with sybarites and braving the perfect storm, he debates at length the Pleasure Principle, lip-smacks through decadent dinners, teaches and learns in Tokyo and files breathless dispatches from Beijing. He bids a poignant farewell to the loveliest vintages, decries peremptory judgement and urges the Slow Food philosophy; falls in love (again), this time with Tokaji, tells warm winter tales through a vintage port and sets out a summer picnic at the source of the Seine - all the while dryly annotating the scribbles of his younger self with contemporary marginal hindsights. This thoughtful, illuminating collection will delight not only lovers of wine, food, history and travel but also anyone who enjoys the intoxicating power of words.

World-renowned wine expert Hugh Johnson's elegant tribute to Tuscany is now available in paperback a richly rewarding volume in prose and image for those who enjoy the region's exquisite marriage of wine and food, beauty and history. Poetic, illuminating descriptions combine with over 100 atmospheric photos to capture the essence of Tuscany and bring the author's passion for the regions distinctive grape varieties to life. Announcing the completely revised and updated edition of The Wine Bible, the perennial bestselling wine book praised as "The most informative and entertaining book I've ever seen on the subject" (Danny Meyer), "A guide that has all the answers" (Bobby Flay), "Astounding" (Thomas Keller), and "A magnificent masterpiece of wine writing" (Kevin Zraly). Like a lively course from an expert teacher, The Wine Bible grounds the reader deeply in the fundamentals while layering on informative asides, tips, amusing anecdotes, definitions, glossaries, photos (all new for this edition), maps, labels, and recommended bottles. Karen MacNeil's information comes directly through primary research; for this second edition she has tasted more than 10,000 wines and visited dozens of wine regions around the world. New to the book are wines of China, Japan, Mexico, and Slovenia. And through it all the reader becomes ever more informed—and, because of the author's unique voice, always entertained: "In great years Pétrus is ravishing, elegant, and rich—Ingrid Bergman in red satin." Or, describing a Riesling: "A laser beam. A sheet of ice. A great crackling bolt of lightning."
