An instrumental is, in contrast to a song, a musical composition or recording without lyrics or any other sort of vocal music; all of the music is produced by musical instruments. Specifically, this term is used when referring to popular music; some musical genres make little use of the human voice, such as jazz, electronic music, and large amounts of European cl...

"Instrumental data is a fantastic tool for us and super easy to use, their support and flexibility has been invaluable when information is needed quickly, a great service!" Rich Hampson, Global Head of Media

An instrumental is a recording without any vocals, although it might include some inarticulate vocals, such as shouted backup vocals in a Big Band setting. Through semantic widening, a broader sense of the word song may refer to instrumentals. The music is primarily or exclusively produced using musical instruments. An instrumental can exist in music notation, after it is written by a composer ...
