This book examines in detail the strategic relevance of the Arthashastra. Attributed to the fourth century B.C., this classical treatise on state and statecraft rests at the intersection of political theory and international relations. Adopting a hermeneutic approach, the book discusses certain homologies related to concepts such as power, order, and morality. Underlining the conceptual value of the Arthashastra and classical texts such as Hitopdesha and Pancatantra, this volume highlights the non-western perspectives related to diplomacy and statecraft. It shows how a com-

parative analysis of these texts reveals a continuity rather than a change in the styles, tactics, and political strategies. The book also showcases the value these ancient texts can bring to the study of contemporary international relations and political theory. This volume will be of interest to students, scholars and teachers of political studies, Indian political thought, and philosophy, South Asian studies, political theory and international relations.

Written with wit, humour and candour, Regrets, None is a rare me-

moir that is unafraid to bare it all. It follows veteran theatre personality Dolly Thakore's life and career -- growing up in Delhi and an assortment of Air Force stations, getting her start in theatre in college, her time in London, involvement with social issues, casting for Gandhi and filming it across India, working in radio, television and advertising while returning always to her first love, theatre. Dolly Thakore brings alive another era -- the glitz, the glamour, the struggles. She speaks candidly about love, sex, infidelity, motherhood, commitment, the ecstasy and the heartbreaks. She emerges as a true-blooded embodiment of what it means to be a strong, empowered, vulnerable, courageous (and sometimes outrageous) woman.

India: The Cookbook is the first comprehensive guide to Indian cooking, with over 1,000 recipes covering every aspect of India's rich and colourful culinary heritage. Unlike many other Indian cookbooks, it is written by an Indian culinary academic and cookbook author who lives and works in Delhi, and the recipes are a true reflection of how traditional dishes are really cooked all over India. They have been carefully edited to ensure that they are simple to follow and achievable in western kitchens, with detailed information about authentic cooking utensils and ingredients. Indian food has been hugely popular in the UK for many years, and the appetite for Indian food shows no sign of diminishing. Now, for the first time, a definitive, wide-ranging and authoritative book on authentic Indian food is available, making it simple to prepare your favourite Indian dishes at home, alongside less well-known dishes such as bataer masalydaar (marinated quails cooked with almonds, chillies and green cardamom), or sambharachi kodi (Goan prawn curry with coconut and tamarind). The comprehensive chapters on breads, pickles, spice pastes and chutneys contain a wide variety of recipes rarely seen in Indian cookbooks, such as bagarkhani roti (a rich sweet bread with raisins, cardamom and poppy seeds) and tamatar ka achar (tomato and mustard-seed pickle). *India: The Cookbook* is the only book on Indian food you'll ever need.

The project of Indian art cinema began in the years following independence in 1947, at once evoking the global reach of the term "art film" and speaking to the aspirations of the new nation-state. In this pioneering book, Rochona Majumdar examines key works of Indian art cinema to demonstrate how film emerged as a mode of doing history and that, in so doing, it anticipated some of the most influential insights of postcolonial thought. Majumdar details how filmmakers as well as a host of film societies and publications sought to foster a new cinematic culture for the new nation, fueled by enthusiasm for a future of progress and development. Good films would help make good citizens: art cinema would not only earn global prestige but also shape discerning individuals capable of exercising aesthetic and political judgment. During the 1960s, however, Satyajit Ray, Mrinal Sen, and Ritwik Ghatak—the leading figures of Indian art cinema—became disillusioned with the belief that film was integral to national development. Instead, Majumdar contends, their works captured the unresolvable contradictions of the postcolonial present, which pointed toward possi-

ble, yet unrealized futures. Analyzing the films of Ray, Sen, and Ghatak, and working through previously unexplored archives of film society publications, Majumdar offers a radical reinterpretation of Indian film history. *Art Cinema and India's Forgotten Futures* offers sweeping new insights into film's relationship with the postcolonial condition and its role in decolonial imaginations of the future.

The book explores in depth the culinary and cultural heritage of India which echoes the harmonious blending of diverse influences over the centuries. The election of Kamala Devi Harris, born of an immigrant Indian mother, cancer specialist Shyamala Gopalan, originally from Chennai, has put the global spotlight like never before on the small but high-achieving Indian-American diaspora. The community happens to be the most educated with the highest median income in the US, and has excelled in almost every area it has touched—from politics to administration, entrepreneurship to technology, medicine to hospitality, science to academia, business to entertainment, philanthropy to social activism. This evocative collection—of the kind perhaps not attempted before—captures the rise of Indian-Americans across domains, by exceptional achievers themselves, like Shashi Tharoor, the ones who have been and continue to be a part of the "rise", like MR Rangaswami and Deepak Raj, top Indian diplomats like TP Sreenivasan and Arun K Singh, scholars like Pradeep K Khosla and Maina Chawla Singh, and others who were part of, associated with, or keenly followed their stories. A collector's item, this eye-opening saga of a diaspora, which is possibly amongst the most successful and enterprising globally, would not only prove to be highly readable and insightful for a wide readership, but also immensely substantive for scholars and people in governance.
