X3270U - POTTS DAYTON

Introduction to American Deaf Culture is the only comprehensive textbook that provides a broad, yet in-depth, exploration of how Deaf people are best understood from a cultural perspective, with coverage of topics such as how culture is defined, how the concept of culture can be applied to the Deaf experience, and how Deaf culture has evolved over the years.

Introduction to American Deaf Culture is the only comprehensive college-level textbook that provides a broad, yet in-depth exploration of Deaf people, seen through a cultural perspective. Because they are often misunderstood by the general public, this book offers a valuable resource illustrating the ways Deaf people effectively manage their lives in a world full of people who can hear.

This is a six-week course providing a historical overview of the American Deaf community and its evolving culture. Theoretical frameworks from sociology are explored. Deafness as a culture and not a disability is explained as participants are guided into

the world of Deaf culture.
