#### Introduction to stock assessment

The general objective of the course is to train stock assessment scientists and advisors in basic population dynamics and stock assessment. The course not only presents the theoretical elements but also puts theory into practice through case studies and hands-on exercises.

#### (PDF) Introduction to Stock Prep Refining | Leonard ...

After the stock dried I could tell the stock had a good crack in it. To fix this problem you need to secure the wood fibers back together as best as possible. \*Disclaimer - if the crack is all the through the stock you may think about getting a new stock or only using the stock as a show piece. the previous owner thankfully only dropped it hard enough to crack the one side, what a gentleman!
