The extraordinary, groundbreaking novel from Laurie Halse Anderson, with more than 2.5 million copies sold! The first ten lies they tell you in high school. "Speak up for yourself--we want to know what you have to say." From the first moment of her freshman year at Merryweather High, Melinda knows this is a big fat lie, part of the nonsense of high school. She is friendless, outcast, because she busted an end-of-summer party by calling the cops, so now nobody will talk to her, let alone listen to her. As time passes, she becomes increasingly isolated and practically stops talking altogether. Only her art class offers any solace, and it is through her work on an art project that she is finally able to face what really happened at that terrible party: she was raped by an upperclassman, a guy who still attends Merryweather and is still a threat to her. Her healing process has just begun when she has another violent encounter with him. But this time Melinda fights back, refuses to be silent, and thereby achieves a measure of vindication. In Laurie Halse Anderson's powerful novel, an utterly believable heroine with a bitterly ironic voice delivers a blow to the

hypocritical world of high school. She speaks for many a disenfranchised teenager while demonstrating the importance of speaking up for oneself. *Speak* was a 1999 National Book Award Finalist for Young People's Literature.

Read the story everyone is talking about: how a janitor struggling to put food on the table invented Flamin' Hot Cheetos in a secret test kitchen, breaking barriers and becoming the first Latino front-line worker promoted to executive at Frito-Lay. Richard Montañez is a man who made a science out of walking through closed doors, and his success story is an empowerment manual for anyone stuck in a dead-end job or facing a system stacked against them. Having taken a job mopping floors at Frito-Lay's California factory to support his family, Montañez took his future into his own hands and created the world's hottest snack food: Flamin' Hot Cheetos. This bold move not only disrupted the food industry with some much-needed spice, but also shook up a corporate culture in which everyone stayed in their lane. When a top food scientist at Frito-Lay sent out a memo telling sales and marketing to kill the new product before it made it to the store shelves—jealous that someone with no formal education beyond the sixth grade could do his job—Montañez was forced to go rogue once again to save his idea. Through creative thinking, community building, and a few powerful mindset shifts, he outsmarted the

naysayers who tried to get in his way. Flamin' Hot proves that you can break out of your career rut and that your present circumstances don't have to dictate your future.

**#1 NATIONAL BESTSELLER #1 INTERNATIONAL BESTSELLER** What does everyone in the modern world need to know? Renowned psychologist Jordan B. Peterson's answer to this most difficult of questions uniquely combines the hard-won truths of ancient tradition with the stunning revelations of cutting-edge scientific research. Humorous, surprising and informative, Dr. Peterson tells us why skateboarding boys and girls must be left alone, what terrible fate awaits those who criticize too easily, and why you should always pet a cat when you meet one on the street. What does the nervous system of the lowly lobster have to tell us about standing up straight (with our shoulders back) and about success in life? Why did ancient Egyptians worship the capacity to pay careful attention as the highest of gods? What dreadful paths do people tread when they become resentful, arrogant and vengeful? Dr.

Peterson journeys broadly, discussing discipline, freedom, adventure and responsibility, distilling the world's wisdom into 12 practical and profound rules for life. *12 Rules for Life* shatters the modern commonplaces of science, faith and human nature, while transforming and ennobling the mind and spirit of its readers.

Now a Netflix original movie, this deeply scary and intensely unnerving novel follows a couple in the midst of a twisted unraveling of the darkest unease. You will be scared. But you won't know why... I'm thinking of ending things. Once this thought arrives, it stays. It sticks. It lingers. It's always there. Always. Jake once said, "Sometimes a thought is closer to truth, to reality, than an action. You can say anything, you can do anything, but you can't fake a thought." And here's what I'm thinking: I don't want to be here. In this smart and intense literary suspense novel, Iain Reid explores the depths of the human psyche, questioning consciousness, free will, the value of relationships, fear, and the limitations of solitude. Reminiscent of Jose Saramago's early work, Michel Faber's cult classic *Under the Skin*, and Lionel Shriver's *We Need to Talk about Kevin*, "your dread and unease will mount with every passing page" (*Entertainment Weekly*) of this edgy, haunting debut. Tense, gripping, and atmospheric, *I'm Thinking of Ending Things* pulls you in from the very first page...and never lets you go.
