Back then, when I was a 16-year-old girl in the thick of it—the trauma and the suffocating grief—I never imagined that one day, I would be a 38-year-old woman sitting at a table with face-tattooed inmates, eating carrot cake muffins, and laughing until I cried as I attempted to explain Instagram to men who have been behind bars since before the internet was even a thing.

Methods: An exhaustive search of relevant high impact journals yielded 98 studies of causes/correlates of inmates misconduct published between 1980 and 2013. The final models from these studies were examined to assess the impact of the predictor variables on misconduct.
