The first assault units (Sturmtruppen) were formed during the spring and summer of 1916, when the Sturmbataillon Rohr was organized and after General Falkenhayn, head of the OHL, gave orders for the creation of special detachments. These detachments had the mission of spreading the Stosstrupptaktik, a new tactic which decisively transformed the fighting methods of the German Army. But long before this happened, another type of troops had been created within the German infantry during the winter of 1914-1915: the Shock troops (Stosstruppen), fresh infantry groups that were never officially recognized as such and never belonged to any permanent unit, but remained active until the end of the war and contributed to improving the offensive capacity of the German infantry. This book is a narration of the history of the shock and assault troops and covers their combat methods. Finally, it offers a comprehensive description of their uniforms, equipment, and weapons, along with a large number of illustrations and period photographs rarely seen.

Poem on Kaikeyi, mythological character from the Ramayana, classical Hindu epic. Teratoid Heights realistically depicts the lifecycles of various species found in the tide location's cave-riddled terrain, down to the most painstakingly detailed behavioral patterns. It matters not that both Teratoid Heights and its inhabitants are entirely fictional. Brinkman taps into the zeitgeist of modern suburban America with what seems to be a mixture of J.R.R. Tolkein-style adventure, video-game inspired syncopation and an endless barrage of cable-television nature films all filtered through the reddened eyes of a marijuana-addled teenager. A book that reveals levels of humor

and humanity no matter what age the reader.

An artist's unique take on the museum experience: peoplewatching Author and artist David Prudhomme meanders through the Louvre, feeling as if in the panels of a giant comic while he himself is creating his own is this graphic novel. In this institution, all manner of people from all over the world rub elbows quietly. So Prudhomme decides to cruise through the museum, not to look at the world famous art, but to observe the people and their interaction with it. As he wanders, he discovers a group of students somehow stuck together just as in the shipwreck on the Raft of the Medusa; a man standing behind the Seated Scribe, as if attempting to read over his shoulder; and in the hall of antiquities, a woman placing her head in a lion's mouth. This work presents readers a strange, silent, and casual choreography, danced in the midst of one of the most prestigious museums in the world.

For his many devoted readers, Philip K. Dick is not only one of the "one of the most valiant psychological explorers of the 20th century" (The New York Times) but a source of divine revelation. In the riveting style that won accolades for The Adversary, Emmanuel Carrère's I Am Alive and You Are Dead, follows Dick's strange odyssey from his traumatic beginnings in 1928, when his twin sister died in infancy, to his lonely end in 1982, beset by mystical visions of swirling pink light, three-eyed invaders, and messages from the Roman Empire. Drawing on interviews as well as unpublished sources, he vividly conjures the spirit of this restless observer of American postwar malaise who subverted the materials of science fiction--parallel universes, intricate time loops, collective delusions--to create classic works of contemporary anxiety.

An amusing and amused writer, Malerba is a curious man: curious about language, history, customs, plots and coincidences of life. ... The author of What Is This Buzzing, Do You Hear It Too? is always maliciously ironic, alternating clues to ambiguities.

The Track of Sand is Andrea Camilleri's twelfth outing in the wryly humorous Inspector Montalbano series. Inspector Montalbano rises one morning to find the carcass of a horse on the beach in front of his seaside home. But no sooner do his men arrive, than the body has mysteriously vanished, leaving only a track in the sand. Before long Rachele, a beguiling equestrian champion, turns up at police headquarters to report her horse missing. The horse had been stabled at the grounds of a certain Saverio Lo Duca, one of the richest men in Sicily. Lo Duca has lost one of his own horses too. Montalbano, his curiosity piqued, investigates, but before long things take a more disturbing turn . . . But who has Montalbano upset within this strange, unfamiliar world of horse-racing? And what has the Mafia to do with it all? The Track of Sand is followed by the thirteenth novel in the series, The Potter's Field. PRAISE FOR THE SERIES "A magnificent series of novels" Sunday Times "There's a deliciously playful quality to the mysteries Andrea Camilleri writes about a lusty Sicilian police detective named Salvo Montalbano." New York Times Book Review "Camilleri as crafty and charming a writer as his protagonist is an investigator." The Washington Post "The books are full of sharp, precise characterizations and with subplots that make Montalbano endearingly human ... Like the antipasti that Montalbano contentedly consumes, the stories are light and easily consumed, leaving one eager for the next course." New York Journal of Books
