Two approaches to listening instruction are presented: an approach to raise metacognitive awareness about listening (favoring top-down processes) and an approach to develop lexical segmentation and word recognition skills (favoring bottom-up processes). An integrated model for L2 listening instruction is proposed.

Show That You're Listening Nod occasionally. Smile and use other facial expressions. Make sure that your posture is open and interested. Encourage the speaker to continue with small verbal comments like yes, and "uh huh."

On the other hand, learning to listen also involves knowing if the person is asking us for our opinion, or if they just want to explain a situation they have experienced. Some people may get upset if you give your opinion when not asked. Therefore, you need to know when you need to listen, and when you have to listen and give advice.
