The emphasis in his workshops, as in Learning to Think Things Through, is on helping students learn both to think through the subject matter and to internalize the power that the discipline can have in

their experience of education and in their own lives.

To sort through this example requires thinking through the concept of love in a deeper way and distinguishing it from neediness and from a desire to mold the person according to an image. Part of loving someone, romantically or not, is seeing what that person is actually like, respecting his or her boundaries.

He is convinced that the only way for students to learn a subject matter is to think their way through it. He is the author of Reasons and Arguments (Wadsworth, 1982). His second book, Learning to Think Things Through: A Guide to Critical Thinking Across the Curriculum, has been translated into Spanish, Chinese, and Arabic.
