Through a series of poems, a young girl chronicles the life-changing year of 1975, when she, her mother, and her brothers leave Vietnam and resettle in Alabama.

The Last Enchantments is a powerfully moving and lyrically written novel. A young American embarks on a year at Oxford and has an impassioned affair that will change his life forever After graduating from Yale, William Baker, scion of an old line patrician family, goes to work in presidential politics. But when the campaign into which he's poured his heart ends in disappointment, he decides to leave New York behind, along with the devoted, ambitious, and well-connected woman he's been in love with for the last four years. Will expects nothing more than a year off before resuming the comfortable life he's always known, but he's soon caught up in a whirlwind of unexpected friendships and romantic entanglements that threaten his safe plans. As he explores the heady social world of Oxford, he becomes fast friends with Tom, his snobbish but affable flat mate; Anil, an Indian economist with a deep love for gangster rap; Anneliese, a German historian obsessed with photography; and Timmo, whose chief ambition is to become a reality television star. What he's least prepared for is Sophie, a witty, beautiful and enigmatic woman who makes him question everything he knows about himself. For readers who made a classic of Richard Yates's *A Good School*, Charles Finch's *The Last Enchantments* is a sweeping novel about love and loss that redefines what it means to grow up as an American in the twenty-first century.

In a novel-in-verse that brims with grief and love, National Book Award-winning and New York Times bestselling author Elizabeth Acevedo writes about the devastation of loss, the difficulty of forgiveness, and the bittersweet bonds that shape our lives. Adulting is hard! But “kidulting”—engaging in nostalgic childhood activities to relieve stress, like playing with your old favorite toys, participating in games and activities from your youth, and even

snacking on the foods you enjoyed as a kid— isn't. Let this book be your guide to indulging your inner child. “Kidulting” is a thing, and it's growing! Especially popular among millennials, the term “kidulting” refers to engaging in activities from your childhood, sometimes with a grown-up twist. Psychology Today points out that playing like a kid helps you look at the world with fresh eyes—or “beginner's mind”—which allows you to slow down and focus. The Kidult Handbook is a fun and informative guide to healthy escapism through play. Much like adult coloring books, kidulting is a way of focusing your mind on something fun and creative to relieve stress. But this book goes way beyond just coloring—it includes 160 ideas for fun, from timeless classics like building blanket and pillow forts, to generation-specific ideas, from millennials to boomers. Interspersed throughout are fun facts and trivia about games through the ages. Most activities are unplugged and screen-free, and range from solitary pursuits to ones you can share with a friend or two. Feeling young again has never been so easy!

Fashion-loving Maria set out with a dream to build a beauty business and - despite not excelling at school, and being fired from her first job - she has achieved it. She did it by dreaming big, working hard, surrounding herself with the best, taking risks, creating buzz and building her own personal brand, which is now a favourite with high-profile models and media personalities including Poppy Delevingne, Daisy Lowe and Kylie Jenner. Crucially, she believes anyone can do this and her book, brimming with good sense, great advice, tips and secrets - all presented in an easy, friendly style - shows how.

From the bestselling author of *Rich and Pretty* comes a suspenseful and provocative novel keenly attuned to the complexities of parenthood, race, and class. *Leave the World Behind* explores how our closest bonds are reshaped—and unexpected new ones are forged—in moments of crisis. Amanda and Clay head out to a remote corner of Long Island expecting a vacation: a quiet reprieve from life in New York City, quality time with their teenage son and daughter, and a taste of the good life in the luxurious home they've rented for the week. But a late-night knock on the door breaks the spell. Ruth and G. H. are an older couple—it's their house, and they've arrived in a panic. They bring the news that a sudden blackout has swept the city. But in this rural area—with the TV and internet now down, and no cell phone service—it's hard to know what to believe. Should Amanda and Clay trust this couple—and vice versa? What happened back in New York? Is the vacation home, isolated from civilization, a truly safe place for their families? And are they safe from one other?

It's the seventh ridiculous day of August, 1971. A drought has besieged Red Clover, South Carolina and the heart of seventeen-year-old Karlene Bridges. Her big sister, Gloria Jean, is pregnant, and everyone carries on as if she were incubating the Light of this World—but Karlene feels hysterical at becoming an aunt at such a young age. Billy Ray Jenkins, former heartthrob, joined the United States Navy six months ago, and Karlene has been incommunicado ever since. To soothe her jangled nerves, she has taken up songwriting—and she is terrible at it—truly terrible. And now, Spencer, her songwriting buddy, might get drafted and end up in Vietnam, sloshing around in rice paddies, which agonizes Karlene because she knows that peace of any kind is unobtainable on this

whirling blue planet. Through the eyes of its sharp-witted, big-hearted protagonist, Luddy weaves an intimate love story about a young woman who dives into the deep end of her own life and attempts to solve the riddle of Life itself with grace and aplomb.

Amoral, cunning, ruthless, and instructive, this multi-million-copy New York Times bestseller is the definitive manual for anyone interested in gaining, observing, or defending against ultimate control – from the author of *The Laws of Human Nature*. In the book that *People* magazine proclaimed “beguiling” and “fascinating,” Robert Greene and Joost Elffers have distilled three thousand

years of the history of power into 48 essential laws by drawing from the philosophies of Machiavelli, Sun Tzu, and Carl Von Clausewitz and also from the lives of figures ranging from Henry Kissinger to P.T. Barnum. Some laws teach the need for prudence (“Law 1: Never Outshine the Master”), others teach the value of confidence (“Law 28: Enter Action with Boldness”), and many recommend absolute self-preservation (“Law 15: Crush Your Enemy Totally”). Every law, though, has one thing in common: an interest in total domination. In a bold and arresting two-color package, *The 48 Laws of Power* is ideal whether your aim is conquest, self-defense, or simply to understand the rules of the game.

A moving reflection on the complicated nature of home and homeland, and the heartache and adventure of leaving an adopted country in order to return to your native land—this is a “winsome memoir of departure and reversal . . . about the way a series of unknowns accrue into a life” (Jia Tolentino, author of *Trick Mirror*). When the *New Yorker* writer Rebecca Mead relocated to her birth city, London, with her family in the summer of 2018, she was both fleeing the political situation in America and seeking to expose her son to a wider world. With a keen sense of what she’d given up as she left New York, her home of thirty years, she tried to knit herself into the fabric of a changed London. The move raised poignant questions about place: What does it mean to leave the place you have adopted as home and country? And what is the value and cost of uprooting yourself? In a deft mix of memoir and reportage, drawing on literature and art, recent and ancient history, and the experience of encounters with individuals, environments, and landscapes in New York City and in England, Mead artfully explores themes of identity, nationality, and inheritance. She recounts her time in the coastal town of Weymouth, where she grew up; her dizzying first years in New York where she broke into journalism; the rich process of establishing a new home for her dual-national son in London. Along the way, she gradually reckons with the complex legacy of her parents. *Home/Land* is a stirring inquiry into how to be present where we are, while never forgetting where we have been.
