Worth offers an adapted study guide to accompany Transitions Throughout the Life Span, a new telecourse produced by Coast Learning Systems. Kathleen Stassen Berger was closely involved in the development of the telecourse, and The Developing Person Through the Life Span is the sole text accompanying the telecourse. The telecourse study guide draws clear connections between the text and telecourse.

"This program helps students unlock the meaning of over 60% of the words they encounter in the classroom and beyond with a systematic approach to teaching vocabulary using Greek and Latin prefixes, bases, and suffixes. Students are introduced to one new root per lesson with daily activities to ensure that they learn the root and the many English words it generates. The teacher's guide includes lesson plans with detailed notes about words from each root, overhead transparencies for introductory activities, standards-based connections, and differentiation strategies."--Publisher website.

A STEM unit aligned with mathematics Common Core State Standards in multiplication and robotics for elementary students. To use this curriculum students will need access to LEGO® WeDo 2.0 Robotics kits.
