In Part 1, the book describes the very latest thinking on solar physics in (mostly non-mathematical) detail, incorporating the latest results from research concerning the structure and behaviour of the Sun. There is particular emphasis on the surface features visible from the Earth, and how these are the result of the extraordinary processes that are taking place within the Sun. In Part 2, the book details the techniques for observing and imaging the Sun with commercially-available equipment. The many recent advances in optical equipment now allow amateur astronomers to observe phenomena that until recently could only be seen with the extremely expensive equipment available at universities and research observatories - notably H-alpha and Calcium-K telescopes. This is a completely up-to-date solar observing book, while providing the science background necessary for an understanding of the observations with the latest equipment. It also features the most complete solar observing and imaging guide available.

One of the most important Italian poets of the last century, Vittorio Sereni (1913-83) wrote with a historical awareness unlike that of any of his contemporaries. A poet of both personal and political responsibility, his work sensitively explores life under fascism, military defeat and imprisonment, and the resurgence of extreme right-wing politics, as well as the roles played by love and friendship in the survival of humanity. The first substantial translation of Sereni's oeuvre published anywhere in the world, *The Selected Poetry and Prose of Vittorio Sereni* is a unique guide to this twentieth-century poet. A bilingual edition, reissued in paperback for the poet's centenary, it collects Sereni's poems, criticism, and short fiction with a full chronology, commentary, bibliography, and learned introduction by British poet and scholar Peter Robinson.

Un prezioso manuale molto utile anche per gli operatori del settore. Sperimentare i meridiani come flusso di energia vitale o come una particolare sensazione di tensione durante gli esercizi di stretching permette di diventare consapevoli del proprio corpo e delle linee di energia che lo attraversano. Definito "il fai da te dello shiatsu", lo Stretching dei Meridiani è un'innovativa tecnica, efficace, piacevole e adatta a tutti, che consente di lavorare da soli sui propri squilibri energetici. Descritti in modo semplice e chiaro, adatti anche a chi non ha dimestichezza con terminologie tecniche, gli esercizi sono strumenti semplici e potenti che consentono di applicare una rinnovata comprensione di sé al quotidiano, per prevenire gli squilibri, raggiungere il benessere psicofisico e favorire la crescita spirituale.

An accessible comprehensive approach to the anatomy and function of the fascial system in the body combined with a holistic.

'Sometimes called coining, spooning or scraping, Gua sha is defined as instrument-assisted unidirectional press-stroking of a lubricated area of the body surface that intentionally creates 'tran-

sitory therapeutic petechiae' representing extravasation of blood in the subcutis.' Gua sha has been used for centuries in Asia, in Asian immigrant communities and by acupuncturists and practitioners of traditional East Asian medicine worldwide. With the expansion of traditional East Asian medicine, Gua sha has been used over broad geographic areas and by millions of people. It is valuable in the treatment of pain and for functional problems with impaired movement, the prevention and treatment of acute infectious illness, upper respiratory and digestive problems, and many acute or chronic disorders. Research has demonstrated Gua sha radically increases surface microperfusion that stimulates immune and anti-inflammatory responses that persist for days after treatment. The second edition expands on the history of Gua sha and similar techniques used in early Western Medicine, detailing traditional theory, purpose and application and illuminated by science that focuses its relevance to modern clinical practice as well as scholarly inquiry. This book brings the technique alive for practitioners, with clear discussion of how to do it - including correct technique, appropriate application, individualization of treatment - and when to use it, with over 50 case examples, and superb color photographs and line drawings that demonstrate the technique. NEW TO THIS EDITION • New chapter on immediate and significant Tongue changes as a direct result of Gua sha • Research and biomechanisms • Literature review from Chinese language as well as English language medical journal database • New case studies • Over 30 color photographs

Insomnia and related sleep disorders concern 30-40% of the adult population and even up to 25% of children, affecting alertness and memory, causing emotional and physical fatigue, and putting the individual at increased risk for depression, cardiovascular disease, hypertension and other health hazards. Acupuncture for Insomnia: Sleep and Dreams in Chinese Medicine presents a highly effective treatment for chronic and acute sleeplessness using therapeutic strategies from both, TCM as well as Classical Chinese Medicine. The I Ching (pronounced ee-ching) is the oldest and most respected oracle or divinatory system in the world. There are currently two translations available which offer somewhat conflicting interpretations - the popular Confucian version and an earlier Taoist version called Zhouyi. Reconstructed by twentieth-century scholars and archaeologists, Zhouyi presents the highly imaginative world of myth and ritual that is the hidden base of thousands of years of Eastern thought. Now, for the first time ever, Stephen Karcher fuses these two traditions using modern scholarship and archaeological and linguistic research, along with a wide background in Eastern philosophy and comparative religion, and presents them to the modern Western reader in a comprehensive and accessible new form. TOTAL I CHING is a complete oracle with instruction for immediate use in all life situations, but is also the first translation to detail the mythology of the divinatory system, offering a revolutionary new approach to the world's oldest wisdom tradition.

The key to true healing is the willingness to move beyond the physical sphere, to understand that the soul communicates with the body and that true healing can only be healing of the soul.

In *Yoga: The Science of the Soul*, one of the greatest spiritual teachers of the twentieth century presents the history and philosophy of this timeless health practice. Much of what is known as yoga today emphasizes physical postures and exercises to increase flexibility and help relaxation. But in fact, yoga has its roots in centuries of rigorous investigation and research in the East to develop an understanding of human consciousness and its potential. In *Yoga*, Osho explains the meaning of some of the most important *Yoga Sutras* of Patanjali, an early "scientist of the soul" who is credited with being the father of Raja Yoga, or the "royal path" of yoga that uses physical postures and breath primarily as a means to achieve higher states of consciousness. With a fresh translation of these ancient texts, and unique Osho insights into the modern mind and its psychology, Patanjali comes to life on the pages with an approach to using yoga for greater self-understanding that is absolutely relevant to our times. An invaluable resource for beginning or experienced yoga practitioners, and for anyone who seeks to better understand the intricate and powerful relationship that exists between body and mind. Osho challenges readers to examine and break free of the conditioned belief systems and prejudices that limit their capacity to enjoy life in all its richness. He has been described by the *Sunday Times* of London as one of the "1000 Makers of the 20th Century" and by *Sunday Mid-Day* (India) as one of the ten people—along with Gandhi, Nehru, and Buddha—who have changed the destiny of India. Since his death in 1990, the influence of his teachings continues to expand, reaching seekers of all ages in virtually every country of the world.

Why do we feel the way we feel? How do our thoughts and emotions affect our health? Are our bodies and minds distinct from each other or do they function together as part of an interconnected system? In *MOLECULES OF EMOTION*, neuroscientist Candace Pert provides startling and decisive answers to these long-debated questions, establishing the biomolecular basis for our emotions and explaining these new scientific developments in a clear and accessible way. Her pioneering research on how the chemicals inside us form a dynamic information network, linking mind and body, is not only provocative, it is revolutionary. In her groundbreaking book, Candace Pert offers a new scientific understanding of the power of our minds and our feelings to affect our health and well-being.

This work examines novels from Caribbean, North American, and European literatures of the second half of the twentieth century, both Anglophone and in translation, with focus on the chronotopes of slavery, colonialism, the Holocaust, and war. Historical traumata have found their reconstruction in literary works written by either traumatized or vicariously traumatized authors, such as Jean Rhys, Alejo Carpentier, Maryse Conde, Salman Rushdie, Gabriel Garcia Marquez, Bernard Malamud, Joseph Skibell, Guenter Grass, and Tim O'Brien. The traumatic imagination accounts for the relative prevalence of magical realist writing in postmodernist fiction. As a singular phenomenon of postmodern aporia, magical realist texts write the silence imposed by trauma, and convert it into history.--publisher.

Sauca, purificazione e "pulizia", è il primo niyama degli Yogasutra di Patanjali, un fattore ineliminabile del percorso yogico. Il lavoro riporta alcuni significativi stralci dai testi della Tradizione e dai Maestri, fino al protocollo AYUSH del Ministero indiano. Il processo di purificazione riguarda tutti e cinque i Kosha, involucri o guaine. Nel testo sono approfonditi alcuni aspetti di Sauca rispetto al Pranayama, la tecnica che permette di far circolare liberamente il Prana o energia universale, e alla relazione tra Yoga e Ayurveda, "la scienza della vita o della longevità" che offre degli strumenti concreti per attuare pulizia e purificazione. Il lavoro include la de-

scrizione dei 6 shat karman, la pratica di Shank Prankshlana o purificazione dell'intestino, la pratica di Kapalabhati (pulizia del cranio), che attraverso il respiro raggiunge l'obiettivo di purificare la mente.

A revised edition of a popular fitness reference features two-color inks to better define targeted muscle groups, 10 new stretching routines, routine abbreviations for busy practitioners and a variety of tips on office ergonomics and preventing repetitive stress injuries. Original.

Dear Friend, Are you struggling to get pregnant? Are you frustrated, or feeling angry for not being able to conceive despite all your

efforts? If you answered yes, then let me tell you that I know exactly how you feel, because I personally had gone through the same experience years ago. I have battled with my so called infertility for more than a decade until I have finally found a cure, got pregnant twice and now am a proud mother of two beautiful healthy children. You're about to discover what might be the most powerful Infertility cure system ever developed. It's the same system thousands of women, just like you, used to permanently reverse their infertility, get pregnant quickly and give birth to healthy children. My name is Lisa Olson and over the past 14 years, through a long process of trial, error and experimentation, I have developed a sure-fire, 100% guaranteed, clinically researched system that is backed by 65,000+ hours of alternative medicine expertise with holistic and Chinese medicine research for getting pregnant quickly and naturally. This is a very rare, highly unique and potentially powerful Infertility healing system, which very few women even know exists... If you would like to learn how to reverse infertility and get pregnant quickly and safely... without drugs, without risky surgery, without any typical Infertility treatments, and without any side effects, then this will be the most important letter you will ever read. I guarantee it and I've got the results to prove it!
