Some people ask God for temporal gifts. In the author's case, he has never asked God for anything. But being a devout Hindu for twenty years was only bringing misery, disease, poverty, hunger, and social ostracization in his life. There had to be a better path for him to follow. In his forties he started to engage with the Light--Christ--that he had done so in his formative years. He just asked for his will to be done in his life. He found more solace and less confusion and more clarity with God. This book relates the author's journey, an ongoing one, towards Jesus Christ, his One and Only LORD and Savior now.

With the same brilliant combination of humor and warmth she brought to bestseller Bird by Bird, Anne Lamott gives us a smart, funny, and comforting chronicle of single motherhood. It's not like she's the only woman to ever have a baby. At thirty-five. On her own. But Anne Lamott makes it all fresh in her now-classic account of how she and her son and numerous friends and neighbors and some strangers survived and thrived in that all important first year. From finding out that her baby is a boy (and getting used to the idea) to finding out that her best friend and greatest supporter Pam will die of cancer (and not getting used to that idea), with a generous amount of wit and faith (but very little piousness), Lamott narrates the great and small events that make up a woman's life. "Lamott has a conversational style that perfectly conveys her friendly, self-deprecating humor." -- Los Angeles Times Book Review "Lamott is a wonderfully lithe writer .... Anyone who has ever had a hard time facing a perfectly ordinary day will identify." -- Chicago Tribune
