John Slusser, collector, full-time radio dealer, and well-known figure in the radio field, along with the staff of Radio Daze, have compiled this updated and expanded seventh edition of our popular series. Filling the need for an easy-to-use, complete price guide to these collectibles, Collector s Guide to Antique Radios, Seventh Edition, gives descriptions and current values for approximately 10,000 models of antique radios with over 800 full-color photographs. Our guide gives complete descriptions of every radio along with selected full-color photos and information about the radio manufacturers. The informative text provides explanations for the many confusing terms and abbreviations used in the radio field. Listed alphabetically by company, the radios are accompanied by current collector values. The book is devoted to the golden age of radios, the 1920s through the 1950s. Although the majority of these radios have long since vanished, many still remain as living examples of the quality and charm of products

from this period. 2007 values.

Value Creation 4.0 is a marketing guide to the age of the fourth industrial revolution ('Industry 4.0'). This title draws attention to the situation which poses new challenges and risks for the whole of humanity. The book takes an essentially practice-oriented approach. The book intends to highlight the importance of the topic, define its conceptual framework and present its practical applications. The book is therefore primarily recommended for practitioners. The topics of the book together with the supporting exhibits and cases - which also include international dimensions - provide information for them that can help increase their competitiveness. The book can also be very handy in higher education. Whole courses can be built on it, as the book comprises 4 parts and 14 chapters which can provide the basis for lectures. Each part is illustrated with cases, and some of the more than 30 exhibits could be used for the efficient processing of the material and for further reflection.

The previously untold story of the Zenith Trans-Oceanic, the world's most romantic and expensive series of portable radios. Long a companion of kings, presidents, transoceanic yachtsmen and world explorers, the Trans-Oceanic was also carried into battle by American troops in three wars. Its great popularity in spite of a very high price can be laid at the feet of several generations of armchair travelers who used the shortwave capabilities of the Trans-Oceanic as a window on the world. With access to the Zenith corporate archives and their long experience as radio enthusiasts and writers for both the popular and scholarly press, Professors Bryant and Cones present the engrossing stories of the development and use of the Trans-Oceanic throughout its forty year life. They present a wealth of never-before published photographs, documents and information concerning these fascinating radios, their collection, preservation and restoration.

Adulthood is hard! But "kidulting"—engaging in nostalgic childhood activities to relieve stress, like playing with your old favorite toys, participating in games and activities from your youth, and even snacking on the foods you enjoyed as a kid— isn't. Let this book be your guide to indulging your inner child. "Kidulting" is a thing, and it's growing! Especially popular among millennials, the term "kidulting" refers to engaging in activities from your childhood, sometimes with a grown-up twist. Psychology Today points out that playing like a kid helps you look at the world with fresh eyes—or "beginner's mind"—which allows you to slow down and focus. The Kidult Handbook is a fun and informative guide to healthy escapism through play. Much like adult coloring books, kidulting is a way of focusing your mind on something fun and creative to relieve stress. But this book goes way beyond just coloring—it includes 160 ideas for fun, from timeless classics like building blanket and pillow forts, to generation-specific ideas, from millennials to boomers. Interspersed throughout are fun facts and trivia about games through the ages. Most activities are unplugged and screen-free, and range from solitary pursuits to ones you can share with a friend or two. Feeling young again has never been so easy!
