How can I find an Exchange mailbox based on GUID? - reddit

Manage another person's mail and calendar items - Office ...

In the example below, Adam Barr has been granted access to the mailbox of Kim Akers. Kim's mailbox displays automatically in Adam's folder list in Outlook 2013. Note: If you were recently granted access to the mailbox, it may take a few hours for the other user's mailbox to display in your folder list.

We recently restored a bunch of mailbox items using Commvault (long story). There were a couple of mailboxes that failed during the restore. Commvault generated a failure report and gave us what I believe to be the GUID of each of the mailboxes that failed.

When you use the Get-Mailbox cmdlet in on-premises Exchange environments to view the quota settings for a mailbox, you first need to check the value of the UseDatabaseQuotaDefaults property. The value True means per-mailbox quota settings are ignored, and you need to use the Get-MailboxDatabase cmdlet to see the actual values. If the UseDatabaseQuotaDefaults property is False, the per-mailbox ...
