### WMQ7GE - HANA NICKOLAS

---

Featuring the most accurate, current, and clinically relevant information available, Maternal Child Nursing Care in Canada, 2nd Edition, combines essential maternity and pediatric nursing information in one text. The promotion of wellness and the care for women experiencing common health concerns throughout the lifespan, care in childbearing, as well as the health care of children and child development in the context of the family. Health problems including physiological dysfunctions and children with special needs and illnesses are also featured. This text provides a family-centred care approach that recognizes the importance of collaboration with families when providing care. Atraumatic Care boxes in the pediatric unit teach you how to provide competent and effective care to pediatric patients with the least amount of physical or psychological stress. Nursing Alerts point students to critical information that must be considered in providing care. Community Focus boxes emphasize community issues, supply resources and guidance, and illustrate nursing care in a variety of settings. Critical thinking case studies offer opportunities to test and develop analytical skills and apply knowledge in various settings. Emergency boxes guide you through step-by-step emergency procedures. Family-Centred Teaching boxes highlight the needs or concerns of families that you should consider to provide family-centred care. NEW! Content updates throughout the text give you the latest information on topics such as perinatal standards, mental health issues during pregnancy, developmental and neurological issues in pediatrics, new guidelines including SOGC, and CAPWHN, NEW! Increased coverage on health care in the LGBTQ community and First Nations, Metis, and Inuit population NEW! Medication Alerts stress medication safety concerns for better therapeutic management. NEW! Safety Alerts highlighted and integrated within the content draw attention to developing competencies related to safe nursing practice.

MATERNAL-CHILD NURSING CARE, 2ND EDITION covers the essential content for the maternity and pediatric nursing courses combined in one affordable text. The inclusion of expert authors, contributors, and reviewers ensures delivery of accurate and up-to-date content in both maternity and pediatric areas. The authors are also noted for their clear writing style that makes content easy to read and understand. The following are the key features retained for the second edition: Nursing Care Plans, Nurse Alerts, Guidelines, Emergency Treatment, Home Care, Cultural Awareness, Family Focus, Patient Teaching and Critical Thinking Exercises. The second edition will also include a new full-color design, greater emphasis on community care and research throughout. - Expert authors ensure delivery of accurate and up-to-date maternity and pediatric content - Authors' clear writing style makes content easy to read and understand - Focus on the family throughout emphasizes the influence of family in health and illness - Nursing Care Plans, including rationales for interventions, provide students with an overview and specific guidelines for delivering effective nursing care - Nurse Alerts point out critical information that students should not overlook when treating patients - Guidelines boxes outline nursing procedures in an easy-to-follow fashion - Emergency boxes highlight emergency procedures in a step-by-step format to help students understand how to perform them - Home Care boxes detail important information to help prepare students to deliver care to patients and families in the home setting - Atraumatic Care boxes (in the pediatric section) teach students to provide competent care without creating undue physical or psychological stress to the patient - Critical Thinking boxes provide students with case scenarios that depict real life situations to help them choose the best intervention and make good clinical judgements - Patient Teaching boxes (in the maternity section) highlight content students can share with patients and families to help them meet or exceed expected outcomes - Cultural Considerations boxes provide students with information to help them deliver culturally competent care - Family Focus boxes highlight the needs or concerns of families that students should consider when family-centered care is provided - NEW Chapter 3, Community and Home Care, provides a basis for understanding community aspects of maternity care - Unit 2, Reproductive Years, provides students with a thorough un-

derstanding of health promotion and prevention, common health concerns, contraception, infertility, and abortion related to the care of women throughout the childbearing years - Two NEW chapters, Pre-Existing Conditions (13) and Gestational Conditions (14) focus on the care and treatment of pregnant women with conditions she had prior to becoming pregnant and those she acquired during pregnancy - NEW Chapter 21, Assessment and Care During the Fourth Trimester focuses on nursing care management of the physical and psychosocial needs of the mother and on discharge teaching during the fourth trimester (postpartum) - NEW Chapter 22, Transition to Parenthood, focuses on assisting parents in adapting to parenthood, and includes practical suggestions for the first weeks at home after the birth - NEW Chapter 29, Community-Based Care of the Child and Family, provides students with an understanding of how to provide care for patients outside of the acute care setting - An inviting full-color design with over 1,000 colorful photographs and line drawings has been added to enhance the overall visual appeal of the text - Community Focus boxes have been added throughout to highlight information on how to provide care in community settings (Includes a FREE MERLIN website at: [www.harcourthealth.com/MERLIN/Wong/maternal/](http://www.harcourthealth.com/MERLIN/Wong/maternal/))

Reinforce your understanding of maternity and pediatric nursing with this practical study guide! With chapters corresponding to the chapters in Maternal Child Nursing Care, 7th Edition, this workbook provides a variety of exercises and activities to help you review essential concepts, apply your knowledge, and learn to think critically. New to this edition are clinical judgment and Next Generation NCLEX-RN® (NGN) examination-style questions to help you prepare for success on the NGN and in nursing practice. Clinical Judgment and Next Generation NCLEX® examination-style questions help students to apply concepts in solving problems, make decisions concerning care management, answer patients' questions, and prepare for the NCLEX-RN exam. Review questions help students test their level of knowledge and understanding of key concepts with matching, fill-in-the-blank, true/false, short answer, and multiple-choice questions. Learning Key Terms sections include matching and fill-in-the-blank questions, reinforcing students' ability to understand and remember important terminology. Perforated pages make it easy for students to turn in Study Guide activities as graded assignments. Answer key at the end of the book includes answers to all questions. NEW! Updated content throughout corresponds to the new features and chapters in the Maternal Child Nursing Care, 7th Edition text.

Featuring the most accurate, current, and clinically relevant information available, Perry's Maternal Child Nursing Care in Canada combines essential maternity and pediatric nursing information in one text. Comprehensive coverage includes promotion of wellness and the care for persons experiencing common health concerns throughout the lifespan, care in childbearing, as well as the health care of children and child development in the context of the family. Health concerns, including physiological dysfunctions and special needs and illnesses, are also featured. This text provides a family-centred care approach that recognizes the importance of collaboration with families when providing care. Medication Alerts stress medication safety concerns for better therapeutic management. Safety Alerts highlighted and integrated within the content draw attention to developing competencies related to safe nursing practice. Research Focus boxes identify best practices by presenting evidence and how to apply the knowledge learned. Atraumatic Care boxes in the pediatric unit teach you how to provide competent and effective care to pediatric patients with the least amount of physical or psychological stress. Community Focus boxes emphasize community issues, supply resources and guidance, and illustrate nursing care in a variety of settings. Clinical reasoning case studies offer you opportunities to test and develop your analytical skills and apply knowledge in various settings. Cultural Awareness boxes explore beliefs and practices about pregnancy, childbirth, parenting, women's health concerns, and caring for sick children. Evidence-Informed Practice boxes highlight findings that confirm effective practices or that identify practices with unknown, ineffective, or harmful effects. Emergency boxes alert you to emergency situations and guide you

step-by-step through emergency procedures. Family-Centred Care boxes highlight the needs or concerns of families that you should consider in providing family-centred care. Guidelines boxes outline nursing procedures in an easy-to-follow format. Home Care boxes detail important information that you need to deliver care to patients and families in the home setting. Medication Guide boxes include key information about medications used in maternity and newborn care, including their indications, adverse effects, and nursing considerations. Patient Teaching boxes assist you in helping patients and families become involved in their own care with optimal outcomes.

Discusses HOW things happen with concise descriptions of normal physiologic changes in pregnancy, disease processes, and procedures. Explains WHY things happen with special sections highlighting the physiology of pregnancy, the pathophysiology of diseases, and the evidence base for procedures and interventions. Provides prioritized, step-by-step lists of nursing interventions. Promotes patient education by explaining complex health-care information in language patients will understand. Presents verbatim nurse-patient interactions to use as models for your own approach to asking questions and talking with patients. Highlights potentially life-threatening issues and the appropriate interventions with "Alerts" throughout the text. Provides a wealth of valuable tools and resources, including... "Why is this Important," rationales for important topics. "Tips," non-clinical, but important information and suggestions. "Patient Education," tips for helping patients to understand their health status. "Offering Support," compassionate care advice. "Best Practice," advice from expert practitioners. Common mnemonics, tricks to help you remember what to do and when. Die-cut cervical dilation guide for quick reference.

Studying is about to get a whole lot easier Corresponding chapter-by-chapter to Maternal Child Nursing Care, 5th Edition, the Elsevier Adaptive Solutions Package combines two innovative adaptive products into one powerful learning solution. Elsevier Adaptive Learning (EAL) helps you transform textbook information into lasting knowledge, while Elsevier Adaptive Quizzing (EAQ) ensures you know how to apply that knowledge to exams and clinical practice. Both EAL and EAQ are fun, engaging, and constantly tracking and adapting to your performance so you learn more effectively and efficiently. This dynamic duo is the personalized solution you need to learn faster, remember longer, and be better prepared for exams and licensure.

Written by the foremost experts in maternity and pediatric nursing, Maternal Child Nursing Care, 5th Edition offers the accurate, practical information you need to succeed in the classroom, the clinical setting, and on the NCLEX® examination. Plus hundreds of illustrations, alert boxes, and tables clarify key content and help you quickly find essential information. Atraumatic Care boxes in the pediatric unit teach you how to provide competent and effective care to pediatric patients with the least amount of physical or psychological stress. Community Focus boxes emphasize community issues, supply resources and guidance, and illustrate nursing care in a variety of settings. Critical thinking case studies offer opportunities to test and develop your analytical skills and apply knowledge in various settings. Emergency boxes in the maternity unit guide you through step-by-step emergency procedures. Expert authors of the market-leading maternity and pediatric nursing textbooks combine to ensure delivery of the most accurate, up-to-date content. Family-Centered Care boxes highlight the needs or concerns of families that you should consider to provide family-centered care. NEW! Content updates throughout the text give you the latest information on topics such as the late preterm infant, fetal heart rate pattern identification, obesity in the pregnant woman, shaken baby syndrome/traumatic brain injury, Healthy People 2020, car restraints, immunizations, and childhood obesity. NEW! Updated Evidence-Based Practice boxes including QSEN KSAs (knowledge, skills, attitudes) provide the most current practice guidelines to promote quality care. NEW! Medication Alerts stress medication safety concerns for better therapeutic management. NEW! Safety Alerts highlighted and integrated within the content draw attention to developing competencies related to safe nursing practice.

Master the essentials of maternity and pediatric nursing with this comprehensive, all-in-one text! *Maternal Child Nursing Care, 7th Edition* covers the issues and concerns of women during their childbearing years and children during their developing years. It uses a family-centered, problem-solving approach to patient care, with guidelines supported by evidence-based practice. New to this edition is an emphasis on clinical judgment skills and a new chapter on children with integumentary dysfunction. Written by a team of experts led by Shannon E. Perry and Marilyn J. Hockenberry, this book provides the accurate information you need to succeed in the classroom, the clinical setting, and on the Next Generation NCLEX-RN® examination. Focus on the family throughout the text emphasizes the influence of the entire family in health and illness. Expert authors of the market-leading maternity and pediatric nursing textbooks combine to ensure delivery of the most accurate, up-to-date content. Information on victims of sexual abuse as parents and human trafficking helps prepare students to handle these delicate issues. Nursing Alerts highlight critical information that could lead to deteriorating or emergency situations. Guidelines boxes outline nursing procedures in an easy-to-follow format. Evidence-Based Practice boxes include findings from recent clinical studies. Emergency Treatment boxes describe the signs and symptoms of emergency situations and provide step-by-step interventions. Atraumatic Care boxes teach students how to manage pain and provide competent care to pediatric patients with the least amount of physical or psychological stress. Community Focus boxes emphasize community issues, provide resources and guidance, and illustrate nursing care in a variety of settings. Patient Teaching boxes highlight important information nurses need to communicate to patients and families. Cultural Considerations boxes describe beliefs and practices relating to pregnancy, labor and birth, parenting, and women's health. Family-Centered Care boxes draw attention to the needs or concerns of families that students should consider to provide family-centered care.

*Maternal Child Nursing Care* provides you with the right amount of maternity and pediatrics content from the market-leading experts in maternity and pediatrics nursing, guaranteeing accurate, up-to-date, and focused content to ensure success in the classroom, clinical setting, and on the NCLEX examination.

Corresponding chapter-by-chapter to *Maternal Child Nursing Care, 5e*, Elsevier Adaptive Learning combines the power of brain science with sophisticated, patented Cerego algorithms to help you learn faster and remember longer. It's fun; it's engaging; and it's constantly tracking your performance and adapting to deliver content precisely when it's needed to ensure core information is transformed into lasting knowledge. An individual study schedule reduces cognitive workload and helps you become a more effective learner by automatically guiding the learning and review process. The mobile app offers a seamless learning experience between your smartphone and the web with your memory profile maintained and managed in the cloud. UNIQUE! Your memory strength is profiled at the course, chapter, and item level to identify personal learning and forgetting patterns. UNIQUE! Material is re-presented just before you would naturally forget it to counteract memory decay. A personalized learning pathway is established based on your learning profile, memory map, and time required to demonstrate information mastery. The comprehensive student dashboard allows you to view your personal learning progress.

This money-saving package includes the 5th edition of *Maternal Child Nursing Care - Text and Virtual Clinical Excursions Online*. Please refer to the individual product pages for the duration of access to these products.

Canadian Maternity and Pediatric Nursing prepares your students for safe and effective maternity and pediatric nursing practice. The content provides the student with essential information to care for women and their families, to assist them to make the right choices safely, intelligently, and with confidence.

Master content from the textbook with this helpful study tool! Designed to accompany Perry's *Maternal Child Nursing Care, 4th Edition*, this workbook will assist students in understanding and applying material from each chapter in the text.

Clinical Judgment and Next Generation NCLEX® examination-style questions help students to apply concepts in solving problems, make decisions concerning care management, answer patients' questions, and prepare for the NCLEX-RN exam. Review questions help students test their level of knowledge and understanding of key concepts with matching, fill-in-the-blank, true/false, short answer, and multiple-choice questions. Learning Key Terms sections include matching and fill-in-the-blank questions, reinforcing students' ability to understand and remember important terminology. Perforated pages make it easy for students to turn in Study Guide activities as graded as-

signments. Answer key at the end of the book includes answers to all questions. NEW! Updated content throughout corresponds to the new features and chapters in the *Maternal Child Nursing Care, 7th Edition* text.

Thinking Critically case-based activities require students to apply the concepts found in the chapters to solve problems, make clinical judgement decisions concerning care management, and provide responses to patient questions and concerns. Reviewing Key Concepts questions in various formats give students ample opportunities to assess their knowledge and comprehension of information covered in the text. Matching, fill-in-the-blank, true/false, short-answer, and multiple-choice activities help students identify the core content of each chapter and test their understanding. Learning Key Terms matching and fill-in-the-blank questions let students test their ability to define all key terms highlighted in the corresponding textbook chapter. Perforated pages allow you to use activities for graded assignments. Answer key at the end of the book includes answers to all questions.

This is a Pageburst digital textbook; Engaging and easy to read, this concise textbook offers just the right level of maternity and pediatric nursing coverage. It provides a solid foundation in normal body function, then builds on that knowledge to help you understand how to modify nursing care when the unexpected arises. Clear writing and interactive learning tools (including video and animation) reinforce key concepts and encourage you to think critically and apply what you've learned. Critical to Remember boxes highlight "need to know" information for quick and easy access. Critical Thinking Exercises challenge you to apply critical thinking and problem-solving skills to realistic clinical scenarios. Illustrated Procedure boxes provide clear, step-by-step instructions for performing key clinical nursing tasks. Nursing Care Plans in every clinical chapter help you learn to use the nursing process to develop individualized care for maternity and pediatric patients. Communications Cues provide practical verbal and nonverbal tips for communicating effectively with patients and families. Want to Know boxes offer helpful patient teaching guidelines. Photo Stories use engaging pictures to demonstrate the types of care nurses provide in a variety of clinical settings. Pathophysiology boxes in pediatric chapters provide illustrated overviews of common disorders. Companion CD-ROM contains video clips, 3-D animations, illustrated skills, case studies with critical thinking questions, NCLEX® examination-style review questions, and an audio glossary complete with Spanish pronunciations. Evolve Student Resources Website offers up-to-date web links, video clips, resources for health care providers, review questions, and a variety of interactive exercises. Integrated electronic features match icons in the text, so you can use print and electronic resources more effectively together. Using Research to Improve Practice boxes help you determine proper care to reinforce best practice. Spanish translations are included for phrases commonly encountered with maternity and pediatric patients. Improved design makes the text easier to read, and up-to-date photos ensure accuracy.

This convenient, money-saving package is a must-have for students training for a career in nursing. It includes the *Maternal Child Nursing Care - Text and Virtual Clinical Excursions 3.0*.

Part of the popular LPN Threads series, *Introduction to Maternity & Pediatric Nursing* provides a solid foundation in obstetrics and pediatric nursing. An easy-to-follow organization by developmental stages, discussion of disorders by body system from simple-to-complex and health-to-illness, and a focus on family health make it a complete guide to caring for maternity and pediatric patients. Written in a clear, concise style by Gloria Leifer, MA, RN, this edition reflects the current NCLEX® test plan with additional material on safety, health promotion, nutrition, and related psychosocial care. Cultural Considerations boxes and a Cultural Assessment Data Collection Tool help in developing individualized plans of care. Updated health promotion content includes Health Promotion boxes focusing on preventive strategies for achieving prenatal wellness, health during pregnancy, postnatal health, and pediatric illness prevention and wellness -- including the complete immunization schedules for all ages. Nursing Tips provide information applying to the clinical setting. Objectives are listed in each chapter opener. Key terms include phonetic pronunciations and text page references at the beginning of each chapter. Nursing Care Plans with critical thinking questions help you understand how a care plan is developed, how to evaluate care of a patient, and how to apply critical thinking skills. A companion Evolve website includes animations, videos, answers to review questions and answer guidelines for critical thinking questions, an English/Spanish audio glossary, critical thinking case studies, and additional review questions for the NCLEX examination.

Get the accurate, practical information you need to succeed in the classroom, the clinical setting,

Elsevier Adaptive Quizzing is comprised of a bank of high-quality practice questions that allows you to advance at your own pace - based on your performance - through multiple mastery levels for each chapter.. A comprehensive dashboard allows you to view your progress and stay motivated.

Growing research shows that many children from immigrant and refugee families are not doing

well in school, due in part to linguistic and cultural disadvantages. Teaching dual-language learners requires cultural sensitivity, an understanding of language acquisition, and intentional teaching strategies. Combining research and techniques, this resource helps early childhood educators support dual-language learners as they develop the skills necessary for school readiness and success.

This money-saving package includes the 4th edition of Maternal Child Nursing Care - Text and Simulation Learning System.

One of the most complete nursing education learning systems available, Virtual Clinical Excursions guides you through a virtual hospital setting where the patients are real and their conditions are constantly changing. By immersing yourself in a realistic, yet safe, nursing environment, VCE al-

lows you to get acclimated to the routine and rigors of the average clinical rotation where you can conduct a complete assessment of a patient and set priorities for care, collect data, analyze and interpret data, prepare and administer medications, and reach conclusions about complex problems. Each lesson has a textbook reading assignment and activities based on "visiting" the patients in the hospital, which provide a perfect environment in which you may "practice" what you are learning. Duration for access to this product, which may be at the discretion of your institution, is up to 36 months. Elsevier reserves the right to restrict or remove access due to changes in product portfolio or other market conditions.

This convenient, money-saving package is a must-have for nursing students! It includes Wong's Maternal Child Nursing Care, 3rd edition text, the Mosby's Maternal-Newborn & Women's Health Nursing Video Skills, and Mosby's Care of Infants and Children Video Skills.
